PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Provided first and second-level ICT helpdesk support to 1,000+ enterprise users across multiple sites, managing incident logging, phone/email triage, and remote desktop troubleshooting for **Windows 11**, **Microsoft 365**, and browser-based business systems; achieved **95%+ SLA compliance** through rapid diagnosis and escalation protocols.
- Configured and deployed **Windows 11 devices**, mobile devices (iOS and Android), laptops, tablets, and peripherals; conducted hands-on deskside support and user handover briefings across Dublin offices, ensuring seamless onboarding and technical competency for **500+ new hires annually**.
- Managed **Microsoft 365** environment support including Exchange, Teams, OneDrive, and SharePoint troubleshooting; resolved end-user access issues, mailbox configuration, and collaborative platform incidents via phone, email, and remote assistance.
- Executed change-control management and post-implementation support for system upgrades and software rollouts; coordinated UAT validation with business stakeholders and IT teams to minimize downtime and user disruption across interconnected enterprise platforms.
- Performed hardware installation, software provisioning, and smart device configuration (iOS/Android platforms); maintained device inventory management, asset tracking, and technical documentation in support ticketing systems.
- Collaborated with senior IT support staff and external service providers to escalate complex technical issues; identified patterns in user incidents and contributed to knowledge-base documentation and user training materials to reduce repeat support requests.

SKILLS

IT Helpdesk & Support – first-level and second-level ICT support, incident logging and management, phone/email/remote desktop troubleshooting, deskside support, user onboarding, SLA management.

Microsoft & Windows – Windows 11, Microsoft 365 (Exchange, Teams, OneDrive, SharePoint), device configuration, software installation, user access management.

of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Helpdesk Support Service (HCL Technologies)

- Delivered end-to-end first and second-level support for a multinational banking client's 1,000+ user base across Dublin and regional sites, handling **Windows 11** device and **Microsoft 365** incidents with **95%+ SLA adherence**.
- Configured **Windows 11 devices**, mobile devices (iOS/Android), and enterprise peripherals; performed hands-on deskside support and conducted user handover briefings to ensure smooth adoption and technical proficiency.
- Managed incident escalation workflows, coordinated with senior support teams and external vendors, and maintained detailed documentation in ticketing systems to support continuous improvement of support processes.

Enterprise System Integration & Change Management (HCL Technologies)

- Supported change-control management for system configuration updates, hardware rollouts, and software deployments across interconnected enterprise business systems; coordinated UAT activities and post-go-live triage with IT and business teams.
- Configured and integrated **Windows 11** endpoints and **Microsoft 365** services within enterprise ERP and business-system environments; validated system compatibility and user access across integrated platforms.
- Developed user training materials, setup guides, and technical documentation to support onboarding and reduce support ticket volume; collaborated with business stakeholders and IT teams on requirements gathering and UAT validation.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
