PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided senior scientific counsel to **enterprise clients**, shaping their **scientific strategy** and communications priorities for **medical affairs** programmes.
- Led the scientific and strategic direction for **complex medical communications** initiatives, translating evidence into clear, differentiated narratives across diverse audiences and channels.
- Transformed complex scientific and clinical information into actionable communication objectives and compelling **content experiences**, ensuring alignment with client strategies.
- Mentored junior scientific colleagues and medical writers, enhancing their strategic thinking and client-facing advisory capabilities on **healthcare challenges**.
- Ensured the highest standards of **scientific accuracy** and clinical integrity across deliverables, providing decisive review and guidance for **content development**.
- Collaborated with **multidisciplinary teams** including creatives, experience designers, and technologists to deliver integrated communication solutions.
- Developed and implemented a structured approach for **emerging technologies**, including AI, to enhance the efficiency and effectiveness of scientific content delivery.

SKILLS

Medical Communications – Scientific Strategy, Content Strategy, Medical Affairs, Pharmaceutical Codes of Practice, Clinical Accuracy

Client Engagement – Stakeholder Management, Strategic Counsel, Relationship Building, New Business Proposals, Client Presentations

Content Development – Narrative Development, Evidence Translation, Audience Segmentation, Content Ecosystem Management, Editorial Quality

Team Leadership – Multidisciplinary Team Leadership, Mentoring, Scientific Review, Cross-functional Collaboration, Programme Management

Healthcare Domain – Therapy Area Expertise, Healthcare Ecosystem, Patient Engagement, Regulatory Compliance, Audience Relevance

PROJECTS

Client Scientific Narrative Strategy Framework

- Developed a comprehensive framework for client scientific narrative strategy, integrating evidence-based storytelling with communication objectives for **medical affairs**.
- Led workshops with **client stakeholders** to define core narratives and content pillars for a new therapeutic area launch, ensuring consistency across all communication channels.
- Mapped the content ecosystem for a key client, identifying opportunities for reuse and improved connectivity across multiple **content experiences** and campaigns.

AI-Enhanced Medical Content Workflow Pilot

- Designed and piloted an AI-assisted workflow for medical content generation, focusing on accelerating the initial drafting stages of **scientific communications**.
- Evaluated the impact of AI tools on content production timelines, observing an average reduction of **15%** in initial draft turnaround time for a selected set of materials.
- Provided scientific oversight and validation for AI-generated content drafts, ensuring adherence to **clinical accuracy** and pharmaceutical code requirements.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
