PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided senior scientific counsel to clients, shaping scientific strategy and communication priorities for complex medical affairs programs by interpreting clinical data and evidence to derive actionable insights.
- Led the scientific and content strategy for medical communications programs, translating complex scientific and clinical information into clear communication objectives, compelling narratives, and audience-relevant content experiences.
- Ensured scientific accuracy and clinical integrity across all deliverables by providing decisive review and guidance, maintaining the highest editorial quality standards for client-facing materials.
- Collaborated with multidisciplinary teams, including medical writers, strategists, creatives, and digital specialists, to deliver integrated scientific communication solutions and maintain alignment on project goals.
- Developed scientific narratives and content frameworks for projects, ensuring each deliverable connected to a clear strategic purpose and contributed to broader program ambitions, leading to a consistent client message across channels.
- Identified opportunities to strengthen client relationships and expand program scope by anticipating emerging scientific and communication needs, translating them into valuable new solutions and proposals.
- Contributed to the development of the scientific content capability by identifying and implementing process improvements for quality, efficiency, and collaboration across the team.

SKILLS

Medical Communications – Scientific Strategy, Content Strategy, Medical Affairs, Healthcare Communications, Pharmaceutical Codes of Practice, Governance Requirements, Scientific Standards

Strategy & Planning – Narrative Development, Communication Platforms, Content Ecosystems, Stakeholder Analysis, Therapy Area Strategy, Unmet Needs Assessment

Client Engagement – Scientific Counsel, Trusted Advisor, Needs Anticipation, New Business Pitches, Proposal Development, Client Relationship Management

Content Development – Evidence Interpretation, Clinical Data Analysis, Insight Generation, Content Experiences, Editorial Quality, Clinical Accuracy

Team Leadership – Multidisciplinary Team Leadership, Mentoring, Scientific Integrity Protection, Cross-functional Collaboration, Audience Relevance

PROJECTS

Medical Communications Strategy for a New Therapy Area

- Developed a comprehensive scientific narrative and content strategy for a novel oncology therapy, translating complex clinical trial data into clear, differentiated messaging for healthcare professionals.
- Interpreted Phase III clinical data and patient outcomes to identify key communication insights and inform the core scientific platform for a major product launch campaign.
- Collaborated with a cross-functional team of medical writers and account managers to ensure scientific accuracy and strategic alignment across all developed communication assets.

Content Ecosystem Design for Patient Education

- Designed a multi-channel content ecosystem for patient education on a chronic disease, focusing on clear, accessible language and consistent messaging across digital and print formats.
- Mapped patient journeys and identified key touchpoints to ensure content relevance and impact, leading to a more cohesive patient experience.
- Established content governance guidelines and review processes to ensure adherence to regulatory standards and maintain scientific integrity throughout the program lifecycle.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
