PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed and executed comprehensive test suites across multiple environments, ensuring accurate reporting of results for new feature releases.
- Monitored test execution workflows and identified bottlenecks, implementing process adjustments that reduced average cycle time by 15%.
- Maintained and updated test automation frameworks, including scripting and configuration management, to support evolving testing needs.
- Collaborated with QA engineers and developers to troubleshoot and resolve test failures, contributing to faster defect resolution cycles.
- Documented test results, defects, and performance metrics with precision, providing clear insights for development team reviews.
- Coordinated with cross-functional teams to align test suite execution with project timelines and quality standards, facilitating smoother UAT phases.
- Analyzed test data and trends to identify patterns and recommend process improvements for enhanced testing efficiency.

SKILLS

Testing Tools – Selenium, TestNG, JUnit, JIRA, TestRail

Programming Languages – Java, Python, JavaScript

Development Methodologies – Agile, DevOps, CI/CD

Version Control – Git, SVN

Testing Concepts – Test Automation Frameworks, Software Testing Methodologies, API Testing, Web Application Testing, Performance Testing

PROJECTS

Test Automation Framework Enhancement (HCL Technologies)

- Enhanced an existing Java-based test automation framework to incorporate new testing scenarios for enterprise applications.
- Wrote and maintained Python scripts to automate data setup and teardown procedures for test environments, reducing manual effort by 40%.
- Integrated the framework with Jenkins for continuous integration, enabling automated test runs on every code commit.

API Testing Suite Development (HCL Technologies)

- Developed a comprehensive API testing suite using Java and RestAssured to validate critical endpoints for a financial services dashboard.
- Executed tests against various environments, logging defects with detailed steps and payloads in JIRA for timely resolution.
- Analyzed test results to identify performance bottlenecks and reported findings to the development team, contributing to application stability.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
