PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided onsite field service support, including installation, repair, and preventive maintenance for complex capital equipment at customer locations.
- Analyzed, diagnosed, and troubleshot equipment problems via telephone and at customer sites, resolving issues directly or escalating complex cases to technical support.
- Acted as a customer service advocate, instructing clients on the operation and maintenance of sophisticated systems, ensuring successful adoption and utilization.
- Maintained an assigned base of installed equipment, providing primary support, forecasting parts availability, and conducting regular customer support meetings.
- Completed service and expense reports accurately and submitted them in accordance with company procedures, ensuring administrative responsibilities were met.
- Contributed feedback on company technical documentation, identifying areas for improvement to enhance clarity and accuracy for field service engineers.
- Collaborated with cross-functional teams to ensure successful equipment installations, including site readiness assessments and post-installation testing.

SKILLS

Field Service – Installation, Maintenance, Repair, Troubleshooting, Preventive Maintenance, Customer Support

Technical Documentation – Schematics Analysis, Feedback, Improvement

Software Tools – MS Word, Excel, PowerPoint, Electronic E-mail, LabView, Internet

Networking – Computer Networking, Protocol Analysis

Communication – Written and Verbal Communication, Customer Education, Team Orientation

PROJECTS

Complex Capital Equipment Field Installation

- Executed end-to-end installation of complex capital equipment at multiple customer sites, ensuring all components and systems were precisely aligned and calibrated.
- Performed detailed analysis and debugging of opto-mechanical and electronic schematics to troubleshoot and resolve installation-related issues, reducing setup time by **15%**.
- Provided on-site training to customer operations and service staff on equipment operation and basic maintenance procedures, facilitating smooth handover.

Onsite Equipment Troubleshooting and Repair

- Diagnosed and repaired intricate system failures in the field, applying advanced knowledge of module and system-level troubleshooting to minimize downtime.
- Managed assigned equipment base, proactively forecasting necessary parts and scheduling maintenance to prevent potential failures and maintain operational readiness.
- Documented all service activities, including root cause analysis and resolution steps, contributing to a knowledge base that supported faster issue resolution for future incidents.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
