PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed the full lifecycle of IT service requests, from initial submission to final resolution, adhering to strict **Service Level Agreements (SLAs)** and internal policies.
- Accurately recorded and maintained IT and Construction Site IT (CSIT) assets within **ServiceNow**, including allocation, configuration item (CI) details, and lifecycle status.
- Supported employee onboarding, transfers, and offboarding processes by provisioning and recovering essential **IT equipment and software** across the organization.
- Coordinated with internal IT teams, business stakeholders, and third-party suppliers to ensure the timely delivery of technology services and fulfil complex requests.
- Produced and maintained comprehensive **operational records, knowledge articles, and reports**, contributing to a more efficient and informed IT service environment.
- Identified and documented opportunities for process improvement within the request fulfilment workflow, contributing to ongoing **service optimisation initiatives**.
- Managed the deployment, recovery, and tracking of **IT equipment and services** for project mobilisation and demobilisation activities, ensuring resource availability.

SKILLS

ITSM Tools – ServiceNow, Jira

Operating Systems – Windows 11, Linux

Productivity Suites – Microsoft 365

Hardware – Laptop, Desktop, Mobile Devices, Printers

IT Support – Request Fulfilment, IT Asset Management, Change Management, Incident Response, SLAs

Cloud & Scripting – AWS, Python, Shell Scripting

Databases – PostgreSQL, MySQL, Oracle

PROJECTS

IT Asset Management and Lifecycle System

- Developed a Python-based system to track and manage IT assets across multiple departments, integrating with existing inventory databases.
- Implemented automated workflows for asset allocation, recovery, and disposal processes, reducing manual data entry by **40%**.
- Generated regular reports on asset status, utilization, and lifecycle stages for IT management and procurement teams.

Service Request Fulfilment Process Optimisation

- Analyzed existing IT service request workflows and identified bottlenecks contributing to SLA breaches.
- Designed and documented improved request fulfilment procedures using **ServiceNow**, focusing on clear communication and task delegation.
- Created a series of knowledge base articles and training materials for end-users and support staff, improving first-contact resolution rates by **15%**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
