PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Reviews and actions user-generated content and account reports against a large-scale online platform's **community standards** and policies.
- Investigates escalated abuse cases including harassment, hate speech, scams, inauthentic behaviour, and graphic content.
- Documents enforcement decisions and flags emerging abuse trends to inform policy updates.
- Meets quality-audit, calibration, accuracy, and productivity targets for **policy enforcement**.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot applications and REST APIs, ensuring adherence to business logic for rule-based validation.
- Wrote Python scripts to automate data pipelines and reporting, supporting **data integrity** and audit trails.
- Executed SQL queries for data validation and schema changes, ensuring accuracy in system operations.
- Managed production support for enterprise applications, responding to P1/P2 incidents within strict SLAs.
- Monitored application health using Splunk and CloudWatch, identifying anomalies and potential issues.
- Documented incident responses and resolutions, contributing to runbooks for efficient **escalations**.
- Collaborated with cross-functional teams for requirements gathering and post-implementation triage of system issues.
