HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Configured and maintained **Cisco routers and switches** across the enterprise network, ensuring stable connectivity for over 5,000 endpoints.
- Troubleshot and resolved complex **LAN/WAN connectivity**, **VLAN**, **DHCP**, and **DNS** issues, reducing escalated incidents by 40% for the L1 team.
- Managed and troubleshot **VPN connectivity** and **firewall**-related issues, implementing secure access policies for remote users.
- Monitored network performance, availability, and capacity using tools like **Splunk** and **Dynatrace**, identifying potential bottlenecks before they impacted service.
- Performed network configuration changes and infrastructure maintenance during scheduled maintenance windows, coordinating with operations teams to minimize disruption.
- Analyzed network faults using diagnostic tools and log analysis on **Linux** systems, leading to the identification and resolution of 15 critical network performance degradations.
- Participated in incident, problem, and change management processes adhering to **ITIL/ITSM** frameworks, documenting root causes and resolutions for future reference.

SKILLS

Networking – Cisco networking, Routing & Switching, LAN/WAN, OSPF, BGP, EIGRP, MPLS, SD-WAN, Network Monitoring Tools, Network Security Fundamentals

Protocols & Services – TCP/IP, VLAN, DHCP, DNS, VPN Technologies

Hardware & Infrastructure – Cisco Routers, Cisco Switches, Firewalls

Methodologies & Processes – ITIL, ITSM, Incident Management, Problem Management, Change Management, Network Troubleshooting Methodologies

Cloud & Virtualization – AWS, Azure, Docker

Operating Systems – Linux

PROJECTS

Enterprise Network Infrastructure Hardening

- Enhanced network security by implementing stricter **firewall** rules and reconfiguring **VPN** tunnels, reducing unauthorized access attempts by approximately 30%.
- Optimized **routing protocols** (**OSPF**, **BGP**) on core routers and switches, improving network convergence times and reducing packet loss by 15%.
- Developed comprehensive troubleshooting guides for common **LAN/WAN** and **VLAN** issues, enabling the L1 support team to resolve 50% more issues independently.

Network Performance Monitoring and Analysis

- Deployed and configured network monitoring tools to track key performance indicators (KPIs) like latency, jitter, and packet loss across the **TCP/IP** stack.
- Analyzed network traffic patterns using **Splunk** to identify anomalies and potential performance bottlenecks in the enterprise network infrastructure.
- Documented network configurations and troubleshooting procedures for critical network devices, contributing to a knowledge base that reduced incident resolution time by an average of 20%.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
