PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Reviewed monthly payroll output reports for a multi-country EMEA region, ensuring compliance with **SOX** and internal policies before final approval.
- Collaborated with an external payroll vendor and internal finance teams to successfully close out the monthly payroll process, meeting all specified deadlines.
- Prepared and submitted payroll-related accounting entries and accrual adjustments to the finance system, ensuring accurate financial reporting.
- Performed monthly payroll accounting balance sheet reconciliations and flux analysis, responding to detailed queries from the Accounting department.
- Provided expert advice and support to employees and internal stakeholders on payroll-related inquiries, resolving issues promptly and professionally.
- Assisted with the preparation of ad-hoc reports for business stakeholders, extracting and analyzing payroll data to support strategic decision-making.
- Supported internal and external audit teams by gathering requested documentation and providing explanations for payroll processes and transactions.

SKILLS

Payroll Operations – EMEA Payroll Processing, Year-End Reporting, Payroll Accounting, Balance Sheet Reconciliation, Flux Analysis, Audit Request Resolution

Finance Systems – NetSuite, Workday, Finance System Input, Accrual Entries

Core Competencies – SOX Compliance, Payroll Best Practices, Stakeholder Communication, Analytical Skills, Organizational Skills, Attention to Detail, Proactive Issue Resolution

Productivity Software – MS Excel, MS Word, G-Suite

Vendor Management – External Payroll Service Provider Collaboration

PROJECTS

EMEA Payroll Process Automation (HCL Technologies)

- Automated the generation of monthly payroll output reports using Python scripting, reducing manual review time by approximately 30% for the EMEA region.
- Developed scripts to extract and transform payroll data from various sources for input into the finance system, ensuring data integrity for accrual entries.
- Created reconciliation templates in Excel to streamline the monthly balance sheet reconciliation process for payroll accounts, improving accuracy and reducing discrepancies.

Payroll Data Analysis & Reporting Dashboard (MSc Data Analytics)

- Designed and implemented interactive dashboards in **Power BI** to visualize key payroll metrics, including processing times, employee costs, and statutory payment status across the EMEA region.
- Developed complex **DAX measures** to calculate payroll accruals and analyze variances against budget for ad-hoc reporting requests from business stakeholders.
- Utilized **Power Query** to ETL data from multiple CSV files and SQL databases, preparing a clean dataset for the Power BI data model.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
