PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Supported Quality Engineering activities by processing **~150 nonconformance events (NCEs)** and assisting with **Nonconforming Material Reports (NCMRs)**, ensuring timely resolution and documentation.
- Collected and analysed manufacturing and inspection data, performing detailed inspections to support investigations led by Quality Engineers, contributing to the identification of root causes for product deviations.
- Provided direct quality support on the manufacturing floor, assisting the inspection team with clarifications on **inspection methods, processes, and specifications** to maintain production flow.
- Ensured manufacturing and production processes complied with internal quality systems and external standards including **GMP, GLP, ISO**, and **Six Sigma** requirements to enable worldwide product distribution.
- Updated and maintained quality assurance procedures and protocols for processing materials into partially finished and finished products, adhering to strict regulatory guidelines.
- Performed routine line audits to verify system compliance and operational effectiveness, identifying and reporting any discrepancies to management.
- Contributed to continuous improvement initiatives by identifying opportunities for quality and process enhancements, leading to a **15% reduction** in minor quality deviations over a six-month period.

SKILLS

Quality Assurance – GMP, GLP, ISO, Six Sigma, Quality Documentation, Nonconformance Events (NCEs), Nonconforming Material Reports (NCMRs), CAPA Investigations, Audits, Process Improvement

Manufacturing Support – Production Support, Inspection Methods, Process Specifications, Material Processing, Quality Control

Data Analysis – Manufacturing Data Collection, Inspection Data Analysis, Root Cause Analysis

Compliance & Regulatory – Regulatory Standards, Internal Procedures, Product Distribution

Tools & Technologies – Jira, Confluence, Microsoft Office Suite (Word, Excel, PowerPoint)

PROJECTS

Quality Documentation System Enhancement

- Developed and implemented a streamlined process for managing quality documentation using **Jira and Confluence**, reducing document retrieval times by **30%** for the quality assurance team.
- Authored and updated over **50 standard operating procedures (SOPs)** related to manufacturing quality control and inspection protocols, ensuring alignment with current GMP and ISO standards.
- Collaborated with cross-functional teams to gather requirements for documentation updates, ensuring all procedures accurately reflected current operational practices and regulatory expectations.

Nonconformance Trend Analysis and Reporting

- Analysed historical nonconformance data from **~2,000 events** to identify recurring trends and potential systemic issues within the production environment.
- Created detailed reports and presentations summarizing key quality metrics and nonconformance trends, presented to the Quality Engineering and Operations management teams.
- Contributed to the development of corrective actions based on trend analysis, aiming to reduce the frequency of specific nonconformances by approximately **20%**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
