HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Collaborated with **cross-functional teams** across **Global Product Line** and local markets to align operational strategies, facilitating knowledge sharing for continuous improvement in demand response programs.
- Supported local **Demand Response Operations (DRO)** teams by providing training, implementing process improvements, and advocating for the adoption of appropriate tools and systems.
- Maintained **key performance indicators (KPIs)** and metrics to monitor the performance of global programs, identifying trends and measuring progress towards operational goals.
- Identified opportunities for **process optimization** and efficiency gains, working with cross-functional teams to implement solutions that streamlined operations.
- Participated in **User Acceptance Testing (UAT)** for the internal Flex Platform, providing feedback on functionality and usability from an operational perspective.
- Created and maintained **documentation and training resources** for local teams, ensuring consistent understanding and application of global best practices and Standard Operating Procedures (SOPs).
- Managed incident response for production systems, performing **root cause analysis** on P1/P2 incidents and implementing corrective actions to maintain service levels.

SKILLS

Tools & Systems – Microsoft Excel, Salesforce CRM, Flex Platform, ECRM Database, Jira, Confluence

Methodologies – Agile, Scrum, Change Management, Process Improvement

Domain Knowledge – Demand Response (DR), Distributed Energy Resource (DER), Power Systems, Energy Management

Programming & Scripting – Python, Java, SQL

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux

Databases – PostgreSQL, MySQL, Oracle

PROJECTS

Global Flexibility Program Operations Dashboard

- Developed a **Power BI dashboard** to monitor global flexibility program performance, integrating data from various sources to provide actionable insights on KPIs.
- Implemented automated data extraction and transformation processes using **Python scripts** for ETL, ensuring timely and accurate data for reporting and analysis.
- Collaborated with business analysts to gather requirements for reporting features, translating them into functional specifications for dashboard development.

Enterprise Systems Integration & Support (HCL Technologies)

- Supported and integrated with **enterprise business systems**, including ERP modules and operational platforms, ensuring smooth data flow across interconnected systems.
- Managed change control processes for system configuration updates and coordinated **User Acceptance Testing (UAT)** for new releases, ensuring successful post-go-live support.
- Developed **REST APIs** for cross-system integrations, facilitating data exchange between Java Spring Boot services and other enterprise applications.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
