## PROFESSIONAL EXPERIENCE — 3.5+ YEARS

**Trust & Safety Agent — Accenture, Dublin, Ireland** Jul 2026 – Present

- Review and action user-generated content and account reports against a large-scale online platform's **community standards** and policies.
- Investigate **escalated abuse cases** including harassment, hate speech, scams, and inauthentic behaviour.
- Document **policy enforcement** decisions and identify emerging abuse trends.
- Meet strict **quality-audit**, calibration, accuracy, and productivity targets for content review.

**Software Engineer — HCL Technologies, Chennai, India** Sep 2021 – Jan 2025

- Developed Java Spring Boot features and REST APIs, ensuring data integrity for financial operations.
- Implemented Python scripts for data pipelines and reporting, supporting audit trail requirements.
- Managed SQL databases (PostgreSQL, MySQL) for data validation and schema changes, maintaining accuracy.
- Responded to P1/P2 incidents for enterprise applications, managing strict SLAs and operational alerting.
- Performed production support and monitoring using Splunk and CloudWatch, documenting issues.
- Handled **escalations** from operations teams, collaborating on requirements and post-implementation triage.
- Managed change control for system updates, coordinating UAT and providing post-go-live support.

## SKILLS

**Trust & Safety** – policy enforcement, community guidelines, escalations, risk assessment, content review, investigations, quality-audit, calibration, accuracy, productivity targets.
