PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content against community standards and **policy enforcement**.
- Investigate escalated abuse cases including harassment and scams, documenting decisions.
- Identify and flag emerging abuse trends to inform policy updates and proactive measures.
- Achieve high accuracy and productivity targets through consistent **content review** and **escalations**.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Develop Java Spring Boot features and REST APIs supporting rule-based data validation.
- Write Python scripts for data pipelines and automated reporting, aiding anomaly detection.
- Implement SQL queries for data validation and schema changes, ensuring data integrity for audits.
- Manage production support for enterprise applications, responding to P1/P2 incidents under strict SLAs.
- Monitor application health using Splunk and CloudWatch, identifying and triaging operational alerts.
- Document incident response procedures and resolutions in runbooks for consistent escalation handling.
- Collaborate with cross-functional teams on incident triage and post-implementation support.
