HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Designed and implemented reusable **Angular** components and UI elements, focusing on accessibility and responsive design across multiple browser platforms.
- Developed and maintained features for the Work Automation team, owning tasks from initial design through to production deployment and support.
- Integrated frontend applications with various **REST APIs** and backend services, ensuring seamless data flow and functionality within the broader platform.
- Wrote comprehensive **unit and automated tests** for UI components and application logic, achieving over 85% code coverage for critical features.
- Collaborated closely with **UX designers** and **product managers** to translate complex user requirements and wireframes into intuitive and scalable user experiences.
- Participated actively in daily **Agile ceremonies**, including sprint planning and retrospectives, contributing to estimations and technical discussions.
- Containerized frontend applications using **Docker** and configured **CI/CD pipelines** with Jenkins for automated builds, testing, and deployments to AWS environments.

SKILLS

Frontend Development – Angular, TypeScript, JavaScript, HTML, CSS, RxJS, State Management, Responsive Web Design, Accessibility (WCAG)

Backend Integration – REST APIs, Microservices, Node.js (Implied)

Testing – Unit Testing, Automated Testing, Karma, Jasmine

Tools & Platforms – Git, Docker, Jenkins, AWS, Jira, Confluence, Linux

Methodologies – Agile, Scrum, Full Software Development Lifecycle

PROJECTS

Genesys Cloud UI Component Library Enhancement

- Developed a suite of reusable **Angular** components for a customer-facing dashboard, improving consistency and reducing development time for new features by **20%**.
- Implemented **TypeScript** for enhanced type safety and maintainability across the component library, addressing over 150 previously identified issues.
- Integrated with internal **REST APIs** to fetch and display real-time operational data, ensuring accurate and timely updates for end-users.

Enterprise Workflows Automation UI

- Built an interactive user interface using **Angular** and **HTML/CSS** to manage and automate complex enterprise workflows for administrators.
- Collaborated with UX designers to refine the user journey and ensure high usability for a platform supporting over 8,000 organizations.
- Wrote end-to-end tests using Cypress to validate workflow creation and execution paths, reducing production bugs by **15%**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
