PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed end-to-end project delivery for MEICA (Mechanical, Electrical, Instrumentation, Control, Automation) systems on a water treatment plant upgrade, ensuring adherence to strict **Health, Safety, Environmental & Sustainability** standards.
- Prepared and submitted detailed **Method Statements and Risk Assessments** for all on-site activities, ensuring compliance with HSQE management system and statutory requirements.
- Coordinated with consultants, subcontractors, and site staff to ensure project delivery in line with quality procedures, including oversight of **Factory Acceptance testing (FAT) and Site Acceptance Testing (SAT)**.
- Developed and maintained project schedules and budgets, closely monitoring progress and adjusting workflows to meet or exceed completion dates, reporting on potential **overruns**.
- Engaged with the supplier and sub-contractor chain, providing recommendations on **equipment selection** and utilizing procurement software for timely ordering and awarding of materials and subcontracts.
- Oversaw the preparation and submission of comprehensive **project handover files**, including O&M; Manuals, Safety Files, and As Constructed Drawings, ensuring all design, materials, and workmanship met specified requirements.
- Mentored and trained more junior staff on site, fostering a collaborative 'one team' culture and contributing to the development of **new engineering talent**.

SKILLS

Project Management – MEICA, Health & Safety, Environmental Standards, Quality Assurance, FAT, SAT, Commissioning, Handover Files, O&M; Manuals, Safety Files, As Constructed Drawings

Engineering & Technical – Water Treatment, Wastewater Industry, Electrical Engineering, Mechanical Engineering, Instrumentation, Control Systems, Automation, Equipment Selection, Procurement Software

Site Operations – Method Statements, Risk Assessments, Site Management, Progress Monitoring, Workflow Adjustment, On-site Planning, Whiteboard Meetings, Supplier Engagement, Subcontractor Management

Software & Tools – MS Office Suite (Word, Excel, PowerPoint), GPS, Total Station, CAD

Professional Development – Continuous Professional Development (CPD), Mentoring, Training Junior Staff

PROJECTS

Water Treatment Plant MEICA Systems Integration (HCL Technologies)

- Integrated mechanical, electrical, instrumentation, and control systems for a large-scale water treatment facility upgrade, ensuring seamless operation and adherence to project specifications.
- Developed detailed **site acceptance testing (SAT) plans** and coordinated execution with cross-functional teams, resolving integration issues to meet quality and performance benchmarks.
- Managed the procurement and delivery of critical MEICA components, liaising with vendors to ensure timely availability and compliance with technical requirements for the upgrade project.

Wastewater Facility Control System Upgrade (HCL Technologies)

- Executed the upgrade of a wastewater facility's control and automation systems, focusing on enhancing operational efficiency and environmental compliance.
- Prepared comprehensive **project handover documentation**, including updated schematics and operational manuals, for client review and final site acceptance.
- Collaborated with site supervisors to plan and execute daily work activities, ensuring efficient deployment of resources and adherence to safety protocols.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
