PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Supported project delivery by collaborating with multidisciplinary teams on infrastructure projects, coordinating tasks across engineering and planning groups.
- Assisted in planning, monitoring, and reporting on project progress for major infrastructure programmes, tracking milestones and identifying deviations from the schedule.
- Helped identify and manage project risks and issues, contributing to risk registers and proposing mitigation strategies for potential project roadblocks.
- Supported stakeholder engagement and communication activities by preparing regular project status updates and facilitating team meetings.
- Contributed to the development of project documentation and presentations, including scope statements, progress reports, and technical summaries for review.
- Learned and applied project management tools and techniques, including Agile methodologies and standard project planning software, to support team workflows.
- Participated in continuous improvement and innovation initiatives, suggesting process enhancements for project reporting and team collaboration tools.

SKILLS

Project Management – Project Planning, Project Monitoring, Risk Management, Stakeholder Engagement, Reporting, Documentation, Presentations, Agile Methodologies, Continuous Improvement

Engineering Domain – Infrastructure Projects, Transportation, Water, Energy, Defence, Healthcare, Built Environment

Data & Analytics – Data Analytics, Data Science, Mathematics, Statistical Analysis

Software & Tools – Jira, Confluence, Microsoft Project, Primavera P6

Personal Attributes – Flexible Mindset, Proactive, Adaptability, Enthusiasm, Motivation

PROJECTS

Infrastructure Programme Support (HCL Technologies)

- Assisted a senior project manager in tracking progress for a large-scale infrastructure programme, managing task dependencies and reporting on status updates for an 8-person team.
- Supported the identification and documentation of project risks, contributing to mitigation plans for potential delays in material procurement and site access.
- Prepared draft project documentation, including weekly progress summaries and meeting minutes, for review by project leadership.

Enterprise Systems Integration Support (HCL Technologies)

- Provided technical support for enterprise systems integration, focusing on data flow and API interactions between operational platforms and ERP modules.
- Coordinated change management activities for system configuration updates, assisting in UAT and post-go-live issue resolution for interconnected business systems.
- Documented integration workflows and data mapping across PostgreSQL and Oracle databases to aid in cross-system troubleshooting.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
