## PROFESSIONAL EXPERIENCE — 3.5 YEARS

**Software Engineer — HCL Technologies, Chennai, India** Sep 2021 – Jan 2025

- Served as the **primary point of contact** for public inquiries and key stakeholders, including landowners, managing all project-related communications for a major infrastructural development.
- Maintained comprehensive records of all interactions with the public and landowners using the **Stakeholder/Interaction Management System** and **ProjectWise**, ensuring accurate project history for Phases 3 and 4.
- Managed the project email address and ensured the project website was consistently updated and accurate, responding promptly to all incoming enquiries.
- Processed confidential and sensitive information within the strict parameters of **GDPR**, ensuring compliance and data privacy for all project-related documentation.
- Negotiated access agreements to privately owned lands for contractors and consultants undertaking essential enabling works and surveys, providing the required **14 days' written notice** to affected stakeholders.
- Coordinated with the **Design Team (ARUP)** and the **Roscommon NRO Project Manager**, fostering a strong working relationship to integrate project updates and feedback into the design process.
- Assisted the Local Authority at oral hearings with landowners by providing a **full history of the project** and detailing the limitations within which the Local Authority could operate regarding commitments.

## SKILLS

**Project Management** – Stakeholder Management, Communication, Record Keeping, Public Consultation, Negotiations, Risk Identification

**Technical Tools** – ProjectWise, Stakeholder/Interaction Management System, Microsoft Office Suite, Email Management

**Regulatory Compliance** – GDPR, Data Privacy, Confidential Information Handling

**Infrastructure Projects** – Site Access Agreements, Survey Coordination, Contractor Management, Design Team Collaboration

**Reporting & Documentation** – Website Updates, Enquiry Response, Oral Hearing Support, Project History Maintenance

## PROJECTS

### N4 Bypass Project Stakeholder Engagement Platform

- Developed a centralized system for logging and categorizing all public and landowner interactions, ensuring detailed records for the N4 Carrick on Shannon Bypass project.
- Implemented automated notifications for upcoming site access requirements, ensuring timely communication and adherence to the 14-day notice period.
- Designed a dashboard to track the status of public submissions and responses, facilitating efficient processing and reporting for project managers.

### ProjectWise Integration for Document Management

- Configured ProjectWise to manage all project documentation, including survey reports, design feedback, and landowner agreements for a large-scale infrastructure initiative.
- Established standardized workflows for document submission and review, improving collaboration between the design team, contractors, and local authority.
- Trained project team members on effective utilization of ProjectWise for maintaining an accurate and accessible project history.

## EDUCATION

**M.Sc. Data Analytics — National College of Ireland, Dublin** Feb 2026

**B.E. Computer Science — SNS College of Technology, Coimbatore, India** 2021

## CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
