PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Supported the maintenance and enhancement of Project, Business Unit, and Corporate Risk Registers by gathering and documenting risk information from various stakeholders across the organization.
- Assisted in monitoring Mercury's principal corporate risks, documenting associated controls, current mitigations, and planned future mitigation actions within the central risk management system.
- Conducted enhanced due diligence reviews for over 50 new subcontractors and suppliers, including sanctions screening, adverse media checks, and initial Dun & Bradstreet (D&B;) assessments to ensure compliance.
- Contributed to the continuous improvement of risk and compliance templates and reporting processes, incorporating feedback from risk owners and compliance officers to streamline data collection.
- Supported compliance activities by assisting in the review of anti-bribery and corruption policies, and contributing to the development of awareness materials for employee communication campaigns.
- Managed competing priorities by tracking and updating mitigation actions for approximately 15 key corporate risks, ensuring timely progress reporting to risk owners and senior management.
- Containerized a Python-based data validation script for third-party due diligence using **Docker**, enabling consistent execution across development and production environments on **AWS EC2**.

SKILLS

Risk Management – Risk Registers, Corporate Risks, Mitigation Actions, Risk Owners, Reporting, Control Monitoring

Compliance & Ethics – Third-Party Due Diligence, Subcontractor Screening, Supplier Integrity, Anti-Bribery, Corruption Risk, Sanctions Screening, Adverse Media Checks, D&B; Assessments

Policy & Training – Compliance Policies, Anti-Bribery & Corruption, Conflicts of Interest, Gifts & Hospitality, Speak Up Reporting, Training Materials, Employee Communications

Core Skills – Analytical Skills, Problem-Solving, Attention to Detail, Communication Skills, Stakeholder Management, Deadline Management, Collaboration

Software & Tools – Microsoft Office, Excel, PowerPoint, Python, SQL, Jira, Confluence, Docker, AWS EC2

PROJECTS

Third-Party Risk Assessment Framework Enhancement

- Developed a Python script to automate the initial screening of third-party data against sanctions lists and adverse media databases, reducing manual review time by approximately 40% for a batch of 200 entities.
- Assisted in assessing corruption risks by integrating country risk indicators and performing initial D&B; checks for potential business partners, contributing to a more robust due diligence process.
- Documented the enhanced due diligence workflow and prepared training materials for the compliance team on using the new automated screening tools and policy guidelines.

Corporate Risk Register Data Harmonization

- Supported the migration of disparate risk register data into a centralized **SQL** database, ensuring data integrity and consistency for over 500 risk entries.
- Developed **Power BI** dashboards to visualize key corporate risks, their mitigation status, and ownership, providing actionable insights to senior management and risk owners.
- Collaborated with business unit leads to gather and validate risk information, ensuring comprehensive coverage and accurate reporting of current and planned mitigation actions.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
