PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content against community standards and **policy enforcement**.
- Investigate escalated abuse cases, including harassment and scams, ensuring adherence to guidelines.
- Document enforcement decisions and flag emerging abuse trends to inform policy updates.
- Meet quality-audit, calibration, accuracy, and productivity targets for content review.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Develop Java Spring Boot applications, building REST APIs for system integrations and data validation.
- Write Python scripts to automate data pipelines, supporting ETL processes and scheduled reporting.
- Query PostgreSQL and MySQL databases for ad-hoc analysis, data validation, and schema investigations.
- Manage production support for enterprise applications, responding to P1/P2 incidents under strict SLAs.
- Monitor application health using Splunk and CloudWatch, analyzing logs for operational issues.
- Handle escalations from operations teams, performing triage and documenting resolution steps.
- Collaborate with business analysts on requirements for financial-services client systems, ensuring audit trail compliance.
