PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content and account reports against a large-scale online platform's community standards and policies.
- Investigate escalated abuse cases including harassment, hate speech, scams, and inauthentic behaviour, documenting enforcement decisions.
- Identify emerging abuse trends through content review and account analysis, contributing to policy refinement.
- Meet quality-audit, calibration, accuracy, and productivity targets for content moderation and policy enforcement.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, implementing REST APIs for data validation and rule-based processing.
- Wrote Python scripts for data pipelines and ETL processes, supporting data integrity checks for financial transactions.
- Managed SQL databases (PostgreSQL, MySQL), performing ad-hoc queries and data validation for operational reporting.
- Managed production support for enterprise applications, responding to P1/P2 incidents and adhering to strict SLAs.
- Monitored application health using Splunk and CloudWatch, analysing logs for anomalies and potential issues.
- Handled escalations from operations teams, triaging issues and documenting resolution steps in runbooks.
- Collaborated with business analysts on requirements and post-implementation triage for financial services platforms.
