PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed daily administrative tasks for the procurement department, including processing supplier quotations and purchase orders for civil engineering projects.
- Tracked material and plant deliveries, ensuring timely arrival and verifying proof of delivery documentation against purchase orders.
- Facilitated the processing of returns and credit notes, resolving discrepancies and liaising with suppliers to address queries.
- Maintained accurate procurement records and updated system information, contributing to efficient purchasing administration.
- Coordinated with internal managers and site teams to gather requirements and provide administrative support for purchasing activities.
- Assisted accounts colleagues with payment-related documentation and reconciliations for procurement transactions.
- Supported change control processes for system configurations, coordinating user acceptance testing and post-go-live support.

SKILLS

Administration – Purchasing Administration, Supply Chain Administration, Logistics Support, Document Control, Record Keeping

Procurement – Supplier Quotations, Purchase Orders, Delivery Tracking, Returns Processing, Credit Notes

Software – Microsoft Excel, Microsoft Office Suite, Jira, Confluence

Data Management – Data Validation, System Updates, Database Integrations

Communication – Liaising with Suppliers, Internal Stakeholder Communication, Cross-functional Collaboration

PROJECTS

Procurement Operations Enhancement (HCL Technologies)

- Streamlined the process for requesting and comparing supplier quotations by developing standardized templates and tracking sheets, reducing review time by approximately **15%**.
- Automated the generation of weekly procurement status reports using Python scripting, consolidating data from multiple sources to highlight key delivery metrics for operations teams.
- Supported the implementation of a new module within the financial-services operations dashboard, focusing on enhancing transaction monitoring workflows and alert configurations.

ERP System Integration Support (HCL Technologies)

- Assisted in cross-system integrations by managing data flows between enterprise systems and a PostgreSQL database, ensuring data consistency across platforms.
- Coordinated change management activities for ERP system updates, including UAT support and post-implementation issue triage for operational stability.
- Contributed to the maintenance of accurate system records and documentation for integrated business systems, supporting audit trail requirements.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
