PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland

Jul 2026 – Present

- Review user-generated content and account reports against community standards and policies for a large-scale online platform.
- Investigate escalated abuse cases including harassment, hate speech, scams, and graphic content, documenting enforcement decisions.
- Identify and flag emerging abuse trends through content review and analysis of escalated cases.
- Achieve quality-audit, calibration, accuracy, and productivity targets in content moderation and policy enforcement.

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, building REST APIs for system integrations and feature enhancements.
- Implemented SQL queries for data validation and schema changes, supporting data integrity in financial operations.
- Created Python scripts for automation, data pipelines, and scheduled reporting, ensuring accurate data flows.
- Managed production support and monitoring of enterprise applications using Splunk and CloudWatch, ensuring SLA adherence.
- Responded to P1/P2 incidents, performing log analysis and coordinating issue resolution with cross-functional teams.
- Supported a payments operations dashboard, monitoring transaction flows and operational alerting for payment message issues.
- Collaborated with business analysts and operations for requirements gathering and post-implementation triage of system changes.
