+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • Stamp 1G — Full-Time Work Eligible

PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland

Jul 2026 – Present

- Review and action user-generated content and account reports against community standards and policies for a large-scale online platform.
- Investigate escalated abuse cases, including harassment, hate speech, scams, and graphic content, documenting enforcement decisions.
- Identify and flag emerging abuse trends through content review and analysis, contributing to policy refinement.
- Achieve quality-audit, calibration, accuracy, and productivity targets in content moderation and policy enforcement.

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, building REST APIs to support rule-based validation and data integrity checks.
- Wrote Python scripts for data pipelines and scheduled reporting, aiding in the analysis of operational data for anomalies.
- Managed SQL databases (PostgreSQL, MySQL), performing ad-hoc queries and data validation for system integrations.
- Provided production support for enterprise applications, monitoring system health and responding to P1/P2 incidents.
- Managed Service Level Agreements (SLAs) and responded to escalations, ensuring timely resolution of critical issues.
- Analyzed logs using Splunk and CloudWatch, identifying patterns and documenting incidents for operational improvement.
- Collaborated with cross-functional teams to gather requirements, support user acceptance testing, and triage post-implementation issues.

SKILLS

Community Standards & Policy Enforcement – content review, policy enforcement, community guidelines, policy refinement, abuse trends.

Investigations & Risk Assessment – escalations, abuse cases, harassment, hate speech, scams, inauthentic behaviour, graphic content, risk assessment.

Operations & Support – production support, incident response, SLA management, operational alerting, triage, runbooks.

Data Analysis & BI – data pipelines, ETL, reporting, data validation, dashboards, data visualisation, statistical analysis, A/B testing.

Technical Skills – Python, Java, Spring Boot, REST APIs, SQL, AWS, Docker, Linux, Git, Jenkins, Jira, Confluence.

Workplace Experience – office environment, employee experience, engagement initiatives, onboarding, offboarding, health and safety, facilities management, budget management.

PROJECTS

Payment Operations Dashboard (MSc Data Analytics)

- Developed a Power BI dashboard to monitor payment transaction flows, identifying failed or stuck messages for a financial-services client.
- Applied Python and SQL for ETL processes and data validation, supporting operational alerting and reconciliation workflows.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

**B.E. Computer Science — SNS College of Technology, Coimbatore,
India**

2021
