PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided first-level IT support for the Cork office, resolving issues across **Microsoft OS (Windows 10/11)**, **macOS**, and **Microsoft 365** products, averaging **12 tickets per day**.
- Managed third-party enterprise systems support, acting as a liaison between the Service Delivery team and global IT groups including Infrastructure, Security, and Database Administration to expedite complex issue resolution.
- Administered and maintained **audio/visual equipment** and collaboration spaces, ensuring optimal functionality for meetings and presentations, reducing reported AV issues by **18%**.
- Installed, configured, and supported enterprise hardware such as **computers**, **printers**, and other peripherals, maintaining an inventory accuracy of **98%**.
- Collaborated with the Lead Network Analyst to propose and implement innovative IT solutions, contributing to a project that streamlined remote access for **50+ global users**.
- Troubleshooted and resolved network issues by working with internal teams and external support organizations, ensuring seamless connectivity for all office personnel.

SKILLS

Operating Systems – Microsoft Windows 10, Windows 11, macOS

Productivity Suites – Microsoft 365, Adobe

Hardware Support – Computers, Printers, Peripherals, Audio/Visual Equipment

IT Support & Troubleshooting – Desktop Support, Network Troubleshooting, System Administration, Incident Response, Service Delivery

Enterprise Systems – Microsoft Azure, Microsoft Active Directory, SQL Server

PROJECTS

Enterprise System Support Initiative (HCL Technologies)

- Supported and maintained critical third-party enterprise systems including ERP modules and operational platforms for a financial services client, ensuring **99.5% uptime** for core business functions.
- Managed change control processes for system configuration updates, coordinating User Acceptance Testing (UAT) and providing post-go-live support across interconnected systems.
- Developed **Python scripts** to automate data validation and reporting tasks, reducing manual effort by approximately **20%** for the operations team.

Collaboration Space Technology Upgrade (HCL Technologies)

- Led the upgrade and configuration of **audio/visual equipment** and collaboration tools in multiple meeting rooms, enhancing remote and in-person meeting experiences for over **100 employees**.
- Provided first-level troubleshooting and maintenance for all AV hardware and software, resolving an average of **5 issues per week** within the designated SLA.
- Documented new AV system workflows and provided training to internal teams, improving user adoption and reducing support requests by **15%**.
