PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Executed manual test cases for web and mobile applications, identifying and documenting bugs with clear, actionable reports for development teams.
- Performed smoke and regression testing cycles for new feature releases and updates, ensuring product stability and functional integrity across multiple environments.
- Collaborated with product managers and developers to support bug triage processes, providing detailed reproduction steps and technical context for issue resolution.
- Managed and tracked test cases and execution status using **TestRail**, contributing to the overall quality assurance workflow and project progress monitoring.
- Validated application functionality across various browsers and mobile devices, ensuring a consistent and high-performing user experience for all end-users.
- Contributed to the refinement of QA processes and documentation standards, enhancing team efficiency and knowledge sharing for future testing initiatives.

SKILLS

Testing Tools – TestRail, Zephyr, Xray, Jira, Asana

Testing Methodologies – Smoke Testing, Regression Testing, Manual Testing, Bug Reporting, Bug Triage

Web & Mobile – Cross-browser Testing, Mobile Device Testing

Development Tools – Browser Developer Tools, Git

Programming Languages – Python, Java, SQL, JSON, HTML

Cloud & Infrastructure – AWS, Docker, Linux

Methodologies – Agile, Scrum

PROJECTS

Mobile Application Quality Assurance Suite

- Developed a comprehensive suite of manual test cases for a new mobile application feature, covering functional, usability, and performance aspects.
- Executed detailed test plans across iOS and Android devices, documenting over 80 distinct bugs and regressions with precise steps to reproduce.
- Participated in daily stand-ups and bug triage meetings, providing technical insights to developers and product owners to prioritize fixes effectively.

Web Application Regression Test Automation Framework

- Designed and implemented a structured manual regression testing process for a customer-facing web portal, improving test coverage by **30%**.
- Cataloged and maintained test scripts in **Jira**, ensuring alignment with evolving product requirements and development sprints.
- Assisted in UAT coordination by preparing test data and validating fixes post-deployment, reducing post-release critical issues by approximately **15%**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
