PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Assisted in the planning and execution of **capital projects** within the Facilities Department, supporting a team of 8 engineers and project managers.
- Provided **mechanical engineering support** for facility upgrades and new installations, including the review of technical submittals and equipment registers.
- Analyzed **project data**, including schedules and budgets, to generate detailed reports for management, identifying variances and potential cost-saving opportunities.
- Coordinated with **cross-functional teams**, including procurement and internal departments, to ensure seamless integration of new equipment and systems into existing infrastructure.
- Identified and documented potential **project risks**, including those related to Environmental, Health, and Safety (EHS), and proposed mitigation strategies to the project lead.
- Supported the preparation of technical documentation, including **Standard Operating Procedures (SOPs)** and specifications for new facility equipment and processes.

SKILLS

Project Management – Capital Projects, Project Planning, Project Execution, Budget Management, Schedule Management, Risk Mitigation, EHS

Mechanical Engineering – Facility Upgrades, New Installations, Technical Submittals, Equipment Registers, Mechanical Design Support

Software & Tools – AutoCAD, Revit, Microsoft Office Suite, Excel, PowerPoint, Jira, Confluence

Data Analysis & Reporting – Project Data Analysis, Data Visualization, Report Generation, Trend Analysis

Collaboration & Communication – Cross-functional Team Collaboration, Vendor Liaison, Contractor Management, Stakeholder Communication, Technical Documentation

PROJECTS

Facilities Project Support & Documentation (HCL Technologies)

- Supported the planning and execution of new capital projects for enterprise clients, focusing on facility infrastructure and upgrades.
- Assisted in reviewing technical submittals from vendors and managing equipment registers, ensuring adherence to project specifications.
- Prepared and maintained project documentation, including technical specifications and draft Standard Operating Procedures (SOPs).

Data Analysis and Reporting for Operational Dashboards (HCL Technologies)

- Developed Python scripts to extract and analyze operational data from production systems, focusing on transaction monitoring and error rates.
- Created Power BI dashboards to visualize key performance indicators and project status for business stakeholders, facilitating data-driven decision-making.
- Performed data validation and reconciliation tasks using SQL across PostgreSQL and MySQL databases to ensure data integrity for reporting.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
