PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Resolved infrastructure incidents with a sense of urgency, providing clear and concise updates on all managed incidents across a global network.
- Maintained and upgraded existing network infrastructure to current standards, ensuring stability and performance of enterprise network operations.
- Coordinated and troubleshooted effectively with internal and external partner teams to resolve complex network issues, minimizing business impact.
- Developed and maintained clear technical and procedural documentation for network operations and known issues, supporting knowledge transfer and best practices.
- Operated a multi-vendor network interconnecting data centres, campuses, and partner networks on an Internet-scale backbone.
- Collaborated with global partners and teams to deliver operational excellence and maintain the integrity of Apple's worldwide enterprise network.

SKILLS

Networking – IPv4, IPv6, BGP, Layer 2 technologies, LAN, WAN, Cisco, Arista, Palo Alto, Fortinet, Juniper JNCIA, Cisco CCNA, CWNA

Operations – Network Operations, Enterprise Network Operations, Incident Management, SLA Management, Change Management, Documentation

Automation & Scripting – Network Automation, Python Scripting, Shell Scripting

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Linux

Protocols & Standards – TCP/IP, BGP

Tools – Splunk, Dynatrace, Jira, Confluence, Jenkins, Git

PROJECTS

Global Network Operations Enhancement (HCL Technologies)

- Managed the production support and monitoring of enterprise network infrastructure, addressing P1/P2 incidents with a focus on rapid resolution and SLA adherence.
- Automated routine network health checks and reporting using Python scripts, reducing manual effort by approximately 30% and improving data accuracy.
- Contributed to the development of runbooks and operational procedures for common network issues, enhancing team efficiency in incident response.

Enterprise Network Monitoring & Documentation (HCL Technologies)

- Implemented enhanced monitoring solutions using tools like Splunk and Dynatrace to provide real-time visibility into network performance and identify potential issues proactively.
- Collaborated with cross-functional teams to gather requirements for new network documentation, creating comprehensive guides for system configurations and troubleshooting steps.
- Supported change-control management for system configuration updates, coordinating UAT and post-go-live support across interconnected network systems.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
