PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Led the technical delivery of **Environmental Impact Assessments (EIAs)** for major infrastructure projects, ensuring compliance with **Irish planning legislation** and **EU environmental regulations**.
- Managed and coordinated multidisciplinary teams of specialists, including **ecologists, hydrologists, and air quality experts**, to produce comprehensive **EIARs** and environmental reports.
- Developed and implemented environmental consenting strategies for projects, guiding them through **Strategic Infrastructure Development (SID)** and local **Part 10 planning applications**.
- Provided senior environmental expertise during project feasibility and optioneering stages, applying **Multi-Criteria Assessment procedures** for complex infrastructure proposals.
- Engaged directly with in-house and external **engineers** throughout the EIAR process, advising on design to proactively mitigate environmental risks.
- Mentored junior team members on technical aspects of environmental assessment and regulatory compliance, fostering a collaborative project environment.

SKILLS

Environmental Assessment – Environmental Impact Assessment (EIA), EIAR, Natura Impact Statements (NIS), Screening, Optioneering, Multi-Criteria Assessment, Consenting Strategy, Environmental Legislation, Waste Management Legislation

Project Management – Project Delivery, Budget Management, Timeline Management, Technical Leadership, Team Coordination, Quality Assurance, Risk Management, Stakeholder Engagement

Technical Specialisms – Transport Infrastructure, Water Infrastructure, Energy Supply, Commercial Development, Residential Development, Marine Projects, An Coimisiún Pleanála, MARA

Software & Tools – Power BI, Tableau, R, Python, pandas, NumPy, scikit-learn, SQL, PostgreSQL, MySQL, Oracle, Jira, Confluence, Git, Jenkins, AWS, Docker, Linux

Domain Expertise – Irish Planning Legislation, EU Environmental Regulations, Waste Legislation, Environmental Planning, Regulatory Compliance

PROJECTS

Environmental Impact Assessment for a National Road Scheme

- Managed the end-to-end EIAR process for a major national road project, coordinating inputs from **15+ technical specialists** across ecology, noise, air quality, and landscape.
- Developed the consenting strategy, liaising with **An Coimisiún Pleanála** and local authorities to ensure alignment with statutory requirements and facilitate timely approvals.
- Authored the final **EIAR document**, integrating specialist reports and addressing all legislative requirements, which formed the basis for the planning submission.

Waste Management Strategy for a Wastewater Treatment Plant Upgrade

- Developed a comprehensive **waste management plan** for the upgrade of a large wastewater treatment facility, adhering to national and EU waste legislation.
- Provided technical guidance to the engineering team on de-risking waste disposal and recycling options, identifying potential challenges and proposing mitigation measures.
- Assessed and documented compliance with **waste management guidelines** for the project's environmental permit application.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
