PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Assessed ecological impact for infrastructure projects, preparing detailed **Ecological Impact Assessments (EcIA)** and **biodiversity chapters for Environmental Impact Assessment Reports (EIAR)**.
- Managed ecological input for environmental projects, coordinating field surveys and ensuring compliance with best practice standards for **terrestrial and freshwater ecology**.
- Conducted extensive **ecological field surveys**, identifying and mapping key habitats and species across diverse project sites in Ireland.
- Developed and maintained **GIS data** using **QGIS**, mapping ecological features and supporting spatial analysis for environmental assessments.
- Collaborated with **Senior Consultants and Project Managers**, providing technical input and supporting the delivery of key infrastructure projects.
- Engaged effectively with **external stakeholders**, including regulatory bodies and community groups, to discuss ecological findings and project impacts.

SKILLS

Ecology & Environment – Ecologist, Ecological Impact Assessment (EcIA), Preliminary Ecological Appraisal (PEA), Environmental Impact Assessment Report (EIAR), Terrestrial Ecology, Freshwater Ecology, Habitats, Botany, Ornithology, Terrestrial Mammals, Bats, Biodiversity

Data & GIS – GIS, QGIS, MapInfo, ArcGIS, Data Management, Numerical Skills, Data Analysis

Reporting & Communication – Concise Reporting, Technical Writing, Stakeholder Engagement, Communication Skills, Logical Thinking

Project Management Support – Project Delivery, Team Collaboration, Independent Work, Field Survey Management

General IT – Microsoft Office Suite, Driver's License

PROJECTS

Ecological Field Survey and Reporting for Infrastructure Projects

- Designed and executed comprehensive **field surveys** across multiple sites to identify and document terrestrial and freshwater habitats and protected species.
- Prepared detailed **Ecological Impact Assessments (EcIA)** and Preliminary Ecological Appraisals (PEA) reports, integrating field data and regulatory guidelines.
- Mapped survey areas and ecological features using **QGIS**, creating visual aids that supported clear communication of findings to project teams and stakeholders.

Biodiversity Chapter Development for Environmental Impact Assessment Reports

- Contributed to **Environmental Impact Assessment Reports (EIAR)** by authoring the biodiversity chapters, detailing potential impacts and mitigation strategies.
- Analyzed survey data to quantify biodiversity value and assess risks associated with proposed infrastructure developments.
- Collaborated with engineers and environmental scientists to ensure ecological considerations were integrated into project planning and design.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
