PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed the delivery of **supply chain projects**, coordinating cross-functional technical teams to achieve project goals for new product introductions.
- Executed **laboratory testing** for raw material and supplier qualifications in clinical chemistry, including failure investigations and root cause determination for problematic products.
- Generated detailed **test result reports** for Supply Chain Management (SCM) files, ensuring accuracy and compliance with internal standards.
- Provided **technical support** to internal departments for problem resolution and product maintenance, collaborating with teams to address technical challenges.
- Supported other **operations teams** with technical services and value assignment, ensuring continuity and efficiency across different departments.
- Contributed to process improvement initiatives within the Supply Chain Projects team, enhancing project delivery timelines by an estimated **15%**.

SKILLS

Project Management – Supply Chain Projects, NPI Coordination, Cross-functional Team Facilitation, Project Delivery

Laboratory & Testing – Clinical Chemistry, Raw Material Qualification, Supplier Qualification, Failure Investigation, Root Cause Analysis, Corrective Action

Data & Reporting – Test Result Documentation, Report Generation, Data Analysis, Statistical Analysis, Experimental Design

Technical Operations – Technical Support, Product Maintenance, Internal Problem Resolution, Value Assignment, Technical Services

Compliance & Quality – GMP, FDA, ISO Regulations, Quality Assurance, Handling of Chemicals, Bio-hazardous Materials

Software & Tools – Power BI, Tableau, R/RStudio, Python, SQL, Excel, Laboratory Equipment Analysers

PROJECTS

Clinical Chemistry Reagent Qualification Program

- Managed the end-to-end qualification process for new **reagents** and suppliers within the clinical chemistry division, ensuring adherence to project timelines.
- Designed and executed laboratory testing protocols to validate reagent performance and supplier consistency, documenting results for regulatory submission.
- Investigated and resolved deviations in reagent performance, identifying root causes and recommending corrective actions to maintain product quality.

Supply Chain Data Analysis and Reporting Enhancement

- Developed automated **Python scripts** to extract and process data from laboratory information systems for enhanced reporting capabilities.
- Designed and implemented interactive **Power BI dashboards** to visualize key supply chain metrics, improving visibility into project status and material qualification progress.
- Collaborated with business analysts to refine reporting requirements, ensuring generated reports met the needs of stakeholders for decision-making.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
