## PROFESSIONAL EXPERIENCE

### Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Served as the primary subject matter expert for a **data analysis product**, managing inbound inquiries across live chat, email, and internal escalations for enterprise accounts.
- Provided dedicated, responsive support to **full-serve partners**, tailoring assistance to account needs and coordinating with Account Executives and Customer Success Managers.
- Communicated complex **data analysis concepts** and visualization best practices to diverse users, ranging from early-career researchers to experienced analysts.
- Gathered, synthesized, and relayed user feedback to the **Product team**, identifying patterns that informed product development priorities and roadmap adjustments.
- Partnered with the **Engineering team** on critical escalations, bug reports, and in-depth technical investigations to resolve user issues.
- Developed and maintained external **knowledge base content**, ensuring comprehensive documentation aligned with evolving product features and user needs.

## SKILLS

**Customer Support** – Customer Experience Specialist, Technical Support, Escalations, Knowledge Base Management, User Onboarding

**Data Analysis & Visualization** – Power BI, Tableau, R, Python (pandas, NumPy, scikit-learn), DAX, Power Query, Data Modelling, Statistical Methods, Exploratory Data Analysis, A/B Testing, Time-Series Analysis

**Product & Engineering Collaboration** – Product Feedback Synthesis, Bug Reporting, Technical Investigations, Cross-functional Collaboration

**SaaS & Technical Products** – SaaS Support, Technical Product Expertise, Life Sciences Data Analysis

**Communication & Collaboration** – Written and Verbal Communication, Stakeholder Management, Customer Engagement, Live Chat, Email Support, Video Conferencing

## PROJECTS

### Life Sciences Data Visualization Dashboard (MSc Project)

- Designed and implemented an interactive **Power BI dashboard** to visualize key genomic data trends for a simulated research project, translating complex datasets into actionable insights.
- Developed **DAX measures** and utilized Power Query for data transformation, creating a robust data model that supported advanced analytical queries and reporting for scientific stakeholders.
- Presented the final dashboard and its analytical capabilities to a panel of data analytics instructors and peers, demonstrating proficiency in data storytelling and visualization best practices.

### Customer Support Playbook for Data Tools (HCL Technologies)

- Authored a comprehensive **customer support playbook** for a financial services operations dashboard, standardizing responses and troubleshooting steps for common user inquiries.
- Collaborated with cross-functional operations teams to gather requirements for the playbook, ensuring coverage of critical transaction monitoring and reconciliation workflows.
- Documented best practices for **SLA management** and incident response, improving the team's ability to triage and resolve production issues within defined service levels.

## EDUCATION

### M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

### B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

## CERTIFICATIONS

---

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
