PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided first-line IT support for **hardware, software, and network issues** across 350+ retail sites, resolving an average of 45 tickets daily within SLA.
- Monitored **production systems**, including the main betting platform, and delivered clear, professional communications to business stakeholders during outages, ensuring timely updates.
- Troubleshoot and diagnosed IT problems, determining severity and priority, and followed through to resolution or escalated to **Development, Network, or Systems teams** as needed.
- Created and maintained **knowledge base articles** and problem resolution documentation, improving first-call resolution rates by approximately 18% for common issues.
- Supported the deployment and configuration of IT systems for new building fit-outs and office moves, ensuring seamless integration of **hardware and software**.
- Collaborated with **third-party service providers** to ensure end-to-end support for critical systems and managed new starter/leaver requests within defined SLAs.

SKILLS

Support Tools – Service Desk system, ManageEngine (bonus), Jira, Confluence

Operating Systems – Microsoft Windows, Linux

Cloud & Virtualization – AWS (EC2, S3, Lambda, CloudWatch), Google Cloud (concepts), Citrix

Networking – DNS, DHCP, Cisco routers, switches, patching, cabling

Hardware & Peripherals – EPOS systems, printers, biometrics, VOIP phones

Software & Applications – Office 365, .NET, Oracle Technology Stack, Avaya phone systems, SCCM (desirable)

Directory Services – Active Directory, Group Policy

PROJECTS

Retail IT Operations Enhancement (HCL Technologies)

- Streamlined **EPOS system support** for over 350 retail locations by developing standardized troubleshooting guides and escalation paths, reducing average resolution time by 22%.
- Automated the process for new starter and leaver IT requests using **Python scripting**, ensuring all account creations and deactivations were completed within a 24-hour SLA.
- Implemented enhanced monitoring for critical retail IT infrastructure using **Splunk and CloudWatch**, enabling proactive identification of potential issues before impacting operations.

Customer Facing Systems Uptime Improvement (HCL Technologies)

- Provided production support for a **payments operations dashboard**, focusing on transaction monitoring and alerting for failed messages, maintaining high availability for operational teams.
- Developed **Java Spring Boot microservices** to handle API integrations for enterprise business systems, facilitating cross-system data flows and improving data consistency.
- Managed change control processes for system configuration updates and coordinated user acceptance testing (UAT) for system enhancements, ensuring smooth post-go-live transitions.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
