PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed ITSM queues for infrastructure incidents and problems, ensuring resolution within defined **SLA's** and achieving high end-user satisfaction for **~85%** of resolved tickets.
- Supported and maintained hybrid cloud infrastructure solutions across **AWS** and on-premise environments, encompassing compute, storage, and remote desktop technologies.
- Executed the change management process for system updates, including documentation, implementation, and verification, contributing to the stability of interconnected systems.
- Researched and diagnosed system issues proactively, developing and implementing solutions to resolve technical problems and minimize operational disruptions.
- Developed and maintained comprehensive documentation and knowledge base articles for solutions, facilitating effective knowledge transfer to peers and end-users, supporting a team of **5** junior engineers.
- Contributed to the architecture reviews and implementation tasks for new infrastructure solutions and acquisitions, ensuring seamless transition into support duties.

SKILLS

Cloud Platforms – AWS, Azure

Virtualization – Nutanix, VMWare, Hyper-V

Operating Systems – Windows Server (Active Directory, DNS, DHCP, Group Policy, Certificate Services), Linux

Storage Management – Dell Compellent/PowerStore/PowerScale, HPE Nimble

Infrastructure Hardware – Dell Server & Storage hardware, HP Server & Storage hardware

ITSM & Methodologies – ITIL, Change Management, Incident Management, Problem Management

Scripting & Automation – Python, Shell Scripting

PROJECTS

Hybrid Cloud Infrastructure Modernization (HCL Technologies)

- Migrated a portfolio of **15+ enterprise applications** from on-premise VMware to AWS EC2 instances, reconfiguring network security groups and load balancers.
- Implemented **Python scripts** to automate the provisioning and configuration of new AWS resources, reducing deployment time for standard server stacks by **~40%**.
- Developed comprehensive runbooks and operational guides for the new hybrid cloud environment, facilitating effective knowledge transfer for the L1/L2 support teams.

Enterprise Systems Integration & Support (HCL Technologies)

- Supported and integrated with core **ERP modules** and operational platforms, ensuring data consistency across interconnected systems using REST APIs and direct database flows.
- Managed change control processes for system configurations and updates, coordinating User Acceptance Testing (UAT) and providing post-go-live support for critical business systems.
- Analyzed and resolved cross-system integration issues between PostgreSQL and Oracle databases, impacting approximately **5,000** daily transaction records.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
