PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Designed and implemented **new end-user features** for the Webex collaboration platform, focusing on enhancing user experience for hybrid work environments.
- Translated complex product requirements into actionable technical tasks, developing **maintainable components** within the existing Webex framework.
- Analyzed **customer feedback and usage metrics** to troubleshoot issues and identify areas for product improvement, acting as a technical detective to resolve user-reported problems.
- Collaborated closely with **product managers and UX designers** to iterate on feature designs and ensure high-quality, delightful customer experiences.
- Integrated **AI-assisted development tools** for code scaffolding and debugging, validating and owning all shipped code to maintain application quality.
- Developed and executed **comprehensive test strategies**, including unit and integration tests, contributing to a commitment to continuous learning and quality outcomes within the team.

SKILLS

Languages – Java, Python, TypeScript, JavaScript, C++, Swift

Backend & APIs – Spring Boot, RESTful APIs, WebSockets, API Design

UI Frameworks – React, Angular, Qt, Cocoa

Testing & CI/CD – Unit Testing, Integration Testing, Contract Testing, Test Automation, CI Pipelines, Git, DevOps

Platforms & OS – Windows, macOS, Linux, Web

AI & Developer Tools – LLM-based tools, AI-assisted development

PROJECTS

Webex Meetings Feature Enhancement Suite

- Developed a suite of new features for the **Webex Meetings application**, directly impacting user interaction and collaboration workflows.
- Implemented **real-time communication enhancements** using WebSockets, improving call stability and reducing latency for enterprise users by an average of 15%.
- Designed and integrated a new **feedback collection mechanism** within the app, enabling product teams to gather direct user insights for future iterations.

Cross-Platform Collaboration Component Library

- Built a reusable **cross-platform component library** in Java and TypeScript, targeting Windows, macOS, and Web environments for Webex.
- Authored **comprehensive unit and integration tests** for all components, ensuring code quality and adherence to API contracts, which reduced critical bugs in feature releases by ~22%.
- Collaborated with UX designers to translate wireframes into functional UI elements, ensuring a consistent and intuitive user experience across all platforms.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
