PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Supported laboratory operations for a **microbiology lab**, including equipment **qualification (PQ)** and generation of **SOPs** and work instructions.
- Managed general lab operations by executing tasks such as **EM**, facility testing, and method verifications, contributing to a **30%** reduction in routine testing delays.
- Reviewed, trended, and reported on **laboratory data** for batch generation and end-of-quarter/year reports, ensuring timely collation of all raw data.
- Oversaw routine cleans of laboratory equipment and maintained **housekeeping standards**, identifying and implementing **continuous improvement opportunities** in lab processes.
- Responded to standard requests from internal and external partners, escalating issues to management as appropriate to ensure timely resolution.
- Actively participated in functional and cross-functional meetings, including facilitating sessions and supporting internal and external **audits**.

SKILLS

Laboratory Operations – Equipment Qualification, PQ, SOPs, Work Instructions, EM, Facility Testing, Method Verifications, GMP, USP, EP, JP

Process Analytical Technology (PAT) – PAT, Biologics Manufacturing, Microbiological Testing Techniques

Data Analysis & Reporting – Laboratory Data Review, Data Trending, Data Reporting, Statistical Analysis, Data Collation

Laboratory Systems – LIMS, E-logs, MODA, Electronic Notebooks

Project & Process Management – Continuous Improvement, Change Management, Process Establishment, Documentation Generation

Software & Scripting – Python, SQL, Power BI, R, Data Modelling

Cloud & Infrastructure – AWS, Docker, Linux

PROJECTS

Laboratory Data Analysis and Reporting System (HCL Technologies)

- Developed a **Python**-based system to automate the collation and trending of laboratory data from various sources, reducing manual reporting effort by **40%**.
- Built interactive **Power BI dashboards** to visualize key performance indicators and trends for laboratory operations, enabling faster decision-making for management.
- Implemented data validation checks using **SQL** to ensure accuracy and integrity of the data before it was used for final reports and compliance audits.

Process Improvement for Lab Consumables Management (HCL Technologies)

- Analyzed inventory data and usage patterns to optimize ordering of laboratory consumables, resulting in a **15%** reduction in excess stock.
- Documented new procedures for stock management and cleaning protocols, facilitating smoother operations and improved team efficiency.
- Collaborated with operations teams to gather requirements for improved lab workflow, ensuring alignment with site procedures and safety standards.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
