PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided **1st and 2nd line IT Support** for internal staff using **Jira Service Desk**, resolving an average of 35 tickets weekly.
- Installed, configured, and maintained **company devices** including desktops and laptops, ensuring seamless integration with the corporate network.
- Managed **user accounts and IT access controls** across various systems, adhering to strict security policies and escalation procedures.
- Troubleshoot and supported **travel industry-specific applications**, diagnosing and resolving issues to minimize operational downtime for over 200 users.
- Executed daily checks on **backups and IT systems**, proactively monitoring for vulnerabilities and escalating potential risks to the IT management team.
- Developed **Python scripts** to automate routine IT tasks, reducing manual intervention time by approximately 15% for asset register updates.

SKILLS

IT Support & Troubleshooting – Jira Service Desk, 1st Line Support, 2nd Line Support, Incident Response, Escalation Processes, Hardware Support, Software Support, Troubleshooting, Problem-Solving

System & Network Administration – User Account Management, IT Access Controls, Network Connectivity, System Outages, DNS, DHCP, Active Directory, Microsoft365

Operating Systems & Software – Windows Operating Systems, Microsoft Office, Linux (Ubuntu)

Security & Data Management – IT Security Policies, Best Practices, Daily Checks, Backups, Vulnerability Monitoring

Hardware & Infrastructure – Desktops, Laptops, Printers, IT Hardware, Firewalls, Switches

Cloud & Remote Tools – Azure Cloud Services, Remote IT Support Tools

Automation & Scripting – Python

PROJECTS

Enterprise Application Support & Automation (HCL Technologies)

- Managed production support for **enterprise Java applications**, diagnosing and resolving P1/P2 incidents within strict SLAs, maintaining operational stability for a financial services client.
- Automated data validation and reporting processes using **Python scripting** and **SQL** against PostgreSQL and Oracle databases, reducing manual effort by ~20% for the operations team.
- Developed and maintained **REST APIs** in **Java Spring Boot** for cross-system integrations, supporting data flows between ERP modules and operational platforms.

BI Dashboard Development & Data Integration (MSc Capstone)

- Designed and deployed interactive **Power BI dashboards** for business stakeholders, integrating data from multiple sources using **Power Query** for ETL and **DAX** for complex measures.
- Performed data analysis and visualization using **Tableau** and **R** to identify key trends and patterns in large datasets, supporting analytical reporting requirements.
- Implemented data models and ETL processes using **SQL** and Python libraries (pandas, NumPy) to prepare data for analysis and reporting.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
