PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Configured **Azure Firewall** and **NSGs** for secure network traffic management in customer cloud environments, adhering to architectural designs.
- Deployed and fine-tuned the **Microsoft Defender suite**, specifically **Defender for Endpoint** and **Defender for Cloud**, across multiple enterprise customer tenancies.
- Implemented **Microsoft Sentinel** SIEM solutions, including connector setup and custom alert rule creation to enhance threat detection capabilities.
- Configured **Microsoft Purview** capabilities for **Data Loss Prevention (DLP)** and **Information Protection** using sensitivity labels and encryption policies.
- Managed **Microsoft Intune** policies for endpoint security and device compliance, ensuring adherence to client-specific security baselines.
- Developed detailed **technical runbooks** and **configuration guides** for implemented security controls, ensuring clear operational documentation for client teams.

SKILLS

Microsoft Azure Security – Azure Firewall, NSGs, Azure WAF, Azure Policy, Key Vault, Network Security

Identity & Access Management – Entra ID, Conditional Access, PIM, MFA, SSO, Identity Governance

Microsoft Defender Suite – Defender for Endpoint, Defender for Cloud, Defender for Office 365

SIEM & Automation – Microsoft Sentinel, Playbook Automation, Custom Rule Creation, PowerShell, Azure CLI

Data Governance & Compliance – Microsoft Purview, Data Loss Prevention (DLP), Information Protection, Sensitivity Labels, Encryption, Records Management, eDiscovery, Audit Log, GDPR, ISO 27001

Endpoint Management – Microsoft Intune, Endpoint Security, Device Configuration

Documentation & Support – Technical Runbooks, Configuration Guides, As-Built Documentation

PROJECTS

Cloud Security Implementation for Enterprise Client

- Implemented comprehensive **Entra ID Conditional Access policies** and **Privileged Identity Management (PIM)** to enforce least privilege access for a financial services client.
- Configured **Microsoft Defender for Office 365** to protect against advanced phishing and malware threats, reducing reported incidents by approximately **18%**.
- Developed detailed **as-built documentation** and operational guides for the deployed security controls, facilitating seamless handover to the client's internal security operations team.

Data Protection and Compliance Rollout

- Deployed and configured **Microsoft Purview Data Loss Prevention (DLP)** policies across email and collaboration platforms for a regulated industry client.
- Established **information protection sensitivity labels** and integrated them with encryption mechanisms to safeguard sensitive customer data.
- Collaborated with client business analysts to define data classification schemes and retention policies, ensuring alignment with **GDPR** requirements.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
