PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed **lab equipment validation projects** from software installation through to business release, ensuring adherence to site procedures and **GMP guidelines**.
- Generated comprehensive **computer system validation documentation**, including Design Specifications, Configuration Specifications, Test Plans, Security Plans, and Test Summary Reports.
- Reviewed and analyzed **software release notes** to identify potential impacts on validated systems and ensure continued compliance.
- Assessed and challenged **software functionalities** to identify compliance gaps against regulatory requirements such as **21CFR Part 11** and data integrity guidelines.
- Collaborated with **cross-functional teams** including project managers, operations, and business analysts to gather requirements and ensure smooth system validation and release.
- Developed and executed test scripts for **lab systems validation**, documenting results and deviations in line with regulatory expectations.

SKILLS

Validation & Compliance – Computer System Validation (CSV), 21CFR Part 11, GMP Guidelines, Data Integrity, ER/ES, Software Release Notes Review, Site Procedures

Project Management – Project Lifecycle Management, Budget Monitoring, Schedule Adherence, Requirements Gathering, Cross-functional Collaboration

Technical Skills – Software Installation, Configuration Specification, Test Plan Development, Security Plan, Test Summary Report, Linux

Documentation & Reporting – Design Specification, Validation Documentation, Test Script Development, Incident Reporting

Domain Knowledge – Lab Systems, Manufacturing Operations, Enterprise Applications

PROJECTS

Lab System Validation Framework Development (HCL Technologies)

- Designed and implemented a standardized framework for validating new **lab instruments**, incorporating best practices for **21CFR Part 11** compliance and data integrity.
- Developed reusable templates for key validation documents including **Design Specifications** and **Test Summary Reports**, reducing documentation time by an estimated **15%**.
- Collaborated with internal quality assurance teams to ensure the framework met all internal and external regulatory requirements before deployment.

Enterprise Application UAT Coordination (HCL Technologies)

- Coordinated User Acceptance Testing (UAT) for critical **enterprise business systems**, managing test case execution and defect triage for a team of **8 business analysts**.
- Facilitated communication between development teams and business stakeholders, ensuring clear understanding of issues and timely resolution, contributing to a **90%** pass rate for UAT cycles.
- Documented UAT processes and outcomes, providing a clear audit trail for system changes and sign-offs.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
