## PROFESSIONAL EXPERIENCE

---

### Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed and troubleshoot standard data extracts (Spos 4x, Standard Trade, Taxlot) from internal systems, resolving an average of **15 critical issues per week**.
- Configured and maintained **electronic interfaces** for outbound data exchange, ensuring seamless data flow to clients and vendors.
- Provided **level one support** for standard extracts, analyzing and troubleshooting file generation or data discrepancies for approximately **20 unique extract types**.
- Collaborated with Client Integration teams to design and implement new **standard Spos/STRD/Taxlot extracts**, supporting **5 new client integrations** over a 6-month period.
- Researched and diagnosed issues reported by operations teams, identifying whether a true problem existed or if additional user training was required, resolving **~80% of Tier 1 escalations** internally.
- Assisted management in the design and implementation of workflow processes for outbound reporting, contributing ideas that led to a **15% increase in operational efficiency**.

## SKILLS

---

**Data Operations & Reporting** – Standard Extracts, Outbound Reporting, Client Integration, Vendor Management, Reconciliation, Data Management, Interface Configuration, Troubleshooting, Level One Support

**Databases & SQL** – SQL Server, PostgreSQL, MySQL, Oracle, Data Dependencies, Data Integration, Data Transformation

**Programming & Scripting** – Python, Java, SQL

**Cloud & DevOps** – AWS (EC2, S3, Lambda, CloudWatch), Jenkins, Git, Docker

**BI & Analytics Tools** – Power BI, Tableau, DAX, Power Query, R / RStudio

**Enterprise Systems** – ERP Integration Support, Change Management, Financial Services Operations

**Methodologies** – Agile/Scrum, Incident Response, SLA Management

## PROJECTS

---

### Automated Financial Reporting Interface (HCL Technologies)

- Developed and maintained automated data extract processes using **Python scripting**, serving 3 distinct financial operations teams.
- Configured **REST APIs and database integrations** to pull and consolidate data from multiple enterprise systems, reducing manual data collection time by **~30%**.
- Documented the end-to-end data flow and troubleshooting steps, creating a knowledge base that reduced incident resolution time by **18%**.

### Operations Dashboard Enhancement (MSc Data Analytics)

- Designed and built interactive **Power BI dashboards** to visualize key operational metrics from financial transaction data.
- Developed complex **DAX measures** and utilized **Power Query** for data cleaning and transformation, enabling real-time monitoring of **~5,000 daily transactions**.
- Presented dashboard findings and insights to business stakeholders, facilitating data-informed decision-making for process improvements.

## EDUCATION

---

### M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

### B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

## CERTIFICATIONS

---

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
