PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed the full project lifecycle for electrical and automation upgrades, from initial **User Requirement Specifications (URS)** through to **commissioning and handover**, ensuring adherence to strict project management procedures and SOPs.
- Supported multi-disciplinary engineering projects, including **production line upgrades** and **building services**, coordinating electrical elements across multiple sites and contributing to budget and timeline tracking.
- Provided direct technical electrical support to production, maintenance, and site engineering teams, troubleshooting issues within **industrial electrical systems** and control panels to minimize operational downtime.
- Contributed to continuous improvement initiatives within the Engineering department, focusing on **energy-efficiency projects** and the optimization of existing electrical infrastructure.
- Prepared tender documentation and conducted technical evaluations for electrical contractors and equipment suppliers, ensuring alignment with project scope and company standards.
- Participated in the verification and commissioning of new electrical systems, documenting findings and ensuring safe and effective handover to site operational teams.

SKILLS

Engineering – Electrical Engineering, Electrical & Electronic Engineering, Industrial Electrical Systems, Automation, Building Services, Project Engineering, Electrical Distribution Systems, Control Panels, Motors, Drives, Instrumentation, Site Supervision, Commissioning, Handover

Project Management – MS Office, MS Project, User Requirement Specifications (URS), Tender Documentation, Technical Evaluations, Budget Tracking, Timeline Management, Health & Safety Legislation, Safe Systems of Work

Software & Tools – AutoCAD, Linux, Git, Jenkins, Jira, Confluence, Splunk, Dynatrace, Power BI, Tableau, R / RStudio, DAX, Power Query, data modelling

Programming & Scripting – Python, Java, SQL, Spring Boot, REST APIs, Flask, FastAPI

Cloud & Infrastructure – AWS (EC2/S3/Lambda/CloudWatch), Docker, Containerisation

Data Analytics & BI – Data Warehousing, ETL, Statistical Analysis, Business Intelligence, Operational Reporting

Domain Knowledge – Manufacturing Processes, Production Line Upgrades, Utilities, Enterprise Business Systems, Payments Processing, Transaction Monitoring, Reconciliation Workflows

PROJECTS

Industrial Automation Control System Upgrade (HCL Technologies)

- Designed and implemented a new control system architecture for a key production line, integrating updated **PLC logic** and **SCADA interfaces** to improve operational visibility.
- Managed the installation and commissioning of new **motor drives** and **instrumentation**, ensuring seamless integration with existing electrical distribution systems and reducing manual oversight requirements by **30%**.
- Developed comprehensive technical documentation and training materials for the site engineering team, facilitating a smooth transition and adoption of the upgraded system.

Energy Efficiency Monitoring Dashboard (MSc Project)

- Developed a **Power BI dashboard** to visualize energy consumption patterns across multiple hypothetical manufacturing units, utilizing **Power Query** for data transformation and **DAX** for key performance indicators.
- Modeled historical energy usage data and identified key drivers of consumption, presenting findings that indicated potential savings of up to **18%** through targeted operational adjustments.

- Integrated data from simulated sensor inputs and operational logs to provide real-time insights into energy usage and identify anomalies.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

**B.E. Computer Science — SNS College of Technology, Coimbatore,
India**

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
