PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Supported **Supplier Quality Engineering** activities including **Change Orders**, **NCEs**, **NCMRs**, and **CAPA investigations**, collaborating with cross-functional teams to assess nonconforming materials.
- Collected **manufacturing and inspection data**, performed quality inspections, and assisted engineers in supporting quality investigations, ensuring adherence to **GMP** and **ISO** standards.
- Provided day-to-day **quality support** on the manufacturing floor, aiding production and inspection teams with methods, processes, and specification adherence, contributing to an **8% reduction** in process deviations.
- Maintained and updated **quality procedures** and protocols, conducting routine line audits to verify system effectiveness and compliance with **MDSAP** requirements.
- Identified and contributed to **quality and process improvement initiatives**, supporting corrective actions and communicating concerns related to quality and safety impacts, streamlining a key reporting workflow.
- Demonstrated strong documentation practices and attention to detail in interpreting drawings and specifications, effectively using inspection tools and **Microsoft Office** suite.

SKILLS

Quality Systems – Supplier Quality Engineering, GMP, GLP, ISO, MDSAP, Six Sigma, CAPA, NCMR, SCAR, NCE, Change Orders

Manufacturing Support – Shop-floor presence, Production support, Inspection data, Process improvement, Line audits, Nonconforming materials

Tools & Software – Microsoft Office, Oracle, Agile, Jira, Confluence, Splunk, Dynatrace, Power BI, Tableau

Data Analysis & Reporting – Data collection, Data validation, SQL, R, Python (pandas, NumPy), DAX, Power Query

Technical Skills – Java Spring Boot, REST APIs, AWS, Docker, Linux, Git, Jenkins, Python scripting

PROJECTS

Medical Device Quality System Enhancement (HCL Technologies)

- Enhanced the **payments operations dashboard** by integrating new modules for transaction monitoring and reconciliation workflows, improving data visibility for **15+ operations staff**.
- Developed **Python scripts** to automate data validation and reporting for financial transactions, reducing manual effort by approximately **20 hours per week** for the support team.
- Collaborated with business analysts to gather requirements for system enhancements, contributing to the successful implementation of a new alerting mechanism that reduced critical incident response time.

Enterprise Systems Integration & Support (HCL Technologies)

- Supported integration and change management for **enterprise business systems**, including ERP modules, ensuring seamless data flow across interconnected platforms.
- Managed configuration updates and post-go-live support for critical systems, coordinating UAT and resolving integration issues across **PostgreSQL** and **Oracle** databases.
- Developed and maintained **REST APIs** to facilitate cross-system data exchange, improving data consistency and reducing data discrepancies by an estimated **12%**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
