PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed IT support tickets for end-users across **Windows Client and Server Operating Systems**, resolving an average of **15-20 incidents daily**.
- Administered **Active Directory** accounts, including user creation, password resets, and group policy application for a user base of approximately **500 employees**.
- Supported the rollout and configuration of new hardware, including **desktops, laptops, and peripherals**, ensuring timely deployment for **~40 new hires** per quarter.
- Provided support for **O365/M365 Administration**, assisting users with Outlook, Teams, and OneDrive issues, reducing escalated tickets by **18%**.
- Configured and troubleshooted **AV and meeting room solutions**, ensuring seamless audio-visual experiences for over **25 conference rooms**.
- Performed basic **network troubleshooting** for connectivity issues, escalating complex problems to the network engineering team and documenting resolutions in the ticketing system.

SKILLS

Operating Systems – Windows Client, Windows Server, Linux

Directory Services – Active Directory, Azure AD / Microsoft Entra ID

Productivity Suites – O365 / M365 Administration, Microsoft Office applications

Hardware & Peripherals – Device rollout and configuration, AV and meeting room solutions support

IT Service Management – ITIL processes, Service desk tools, Ticketing systems, Endpoint patching

Networking – Basic network troubleshooting

PROJECTS

Enterprise Desktop and User Support Enhancement (HCL Technologies)

- Developed and implemented a streamlined process for **endpoint patching** across a fleet of **1,500 devices**, reducing critical vulnerability exposure time by **30%**.
- Created user guides and conducted brief training sessions on **O365/M365 features** for new employees, improving self-service resolution rates for common issues.
- Assisted in the deployment of new workstation hardware, contributing to the successful onboarding of over **120 users** within a 6-month period.

IT Service Desk Ticketing System Optimization (HCL Technologies)

- Configured and maintained the **Jira ticketing system** for IT support, defining workflows and queues to improve incident triage and resolution times.
- Documented common troubleshooting steps and solutions for **Windows Client Operating Systems** issues, creating a knowledge base that reduced repeat inquiries by **~20%**.
- Collaborated with the IT operations team to integrate system alerts into the ticketing system, ensuring faster response to P1 incidents.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021
