PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Supported **senior engineers** and **project managers** in delivering large-scale infrastructure projects, coordinating technical documentation and drawings.
- Participated in **site activities** including inspections and surveys, providing construction support and ensuring adherence to project timelines.
- Coordinated with **subcontractors**, suppliers, and internal teams to manage project deliverables and maintain workflow efficiency.
- Assisted in developing **method statements**, **risk assessments**, and comprehensive **compliance documentation** for regulatory adherence.
- Monitored project progress and quality standards, contributing to the **commissioning** and **testing** phases of infrastructure upgrades.
- Ensured strict compliance with **health, safety, environmental, and quality standards** across all project phases, maintaining accurate records.

SKILLS

Engineering Disciplines – Civil Engineering, Mechanical Engineering, Electrical Engineering, Environmental Engineering, Wastewater Treatment, Water Infrastructure

Project Management Tools – MS Project, AutoCAD

Project Delivery – Design Reviews, Technical Documentation, Drawings, Site Inspections, Construction Support, Method Statements, Risk Assessments, Compliance Documentation, Commissioning, Testing, Handover Processes

Quality & Safety – Health & Safety, Environmental Standards, Quality Standards, Irish Health & Safety Requirements

Core Competencies – Communication Skills, Organisational Skills, Teamwork, Initiative, Problem-Solving

PROJECTS

Wastewater Treatment Plant Upgrade Support (HCL Technologies)

- Provided technical support for a major wastewater treatment plant upgrade project, assisting with design reviews and the creation of technical documentation.
- Coordinated site inspections and construction support activities, ensuring alignment with project schedules and quality benchmarks.
- Assisted in the preparation of critical safety documentation, including risk assessments and method statements for operational procedures.

Infrastructure Project Documentation & Compliance (HCL Technologies)

- Managed the documentation lifecycle for an enterprise infrastructure project, ensuring all records were accurate and compliant with regulatory standards.
- Supported cross-functional teams in UAT coordination and post-implementation triage for system configuration changes, facilitating smooth transitions.
- Developed Python scripts to automate data validation and reporting tasks for operational dashboards, improving data accuracy by approximately 15%.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
