PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Delivered **1st line support** to end users across **Windows** and **MacOS** environments, troubleshooting issues with desktops, laptops, and printers.
- Provided **Microsoft 365** application support, including **Teams**, **OneDrive**, and **SharePoint**, resolving user-reported incidents.
- Executed basic **Active Directory** tasks, including user account creation, password resets, and group membership management to facilitate access.
- Managed ticket resolution within agreed **SLAs**, logging, tracking, and escalating issues as required to ensure timely service restoration.
- Assisted senior engineers with **small project tasks** and **device deployments**, contributing to project milestones and successful rollouts.
- Followed established procedures to maintain **security** and **operational standards** within the IT support framework.

SKILLS

Operating Systems – Windows, MacOS, Linux

Cloud & Virtualization – Microsoft 365, Azure Virtual Desktop, Citrix, VMware Horizon, AWS

Productivity Suites – Google Workspace, Slack

Directory Services – Active Directory

IT Support Tools – Jira, Confluence, Splunk, Dynatrace

Hardware Support – Desktops, Laptops, Mobile Devices, Printers

PROJECTS

Enterprise Systems Support & Automation (HCL Technologies)

- Provided production support for enterprise applications, analyzing logs in **Splunk** and **Dynatrace** to resolve P1/P2 incidents impacting operational dashboards.
- Developed **Python scripts** to automate data extraction and reporting tasks, reducing manual effort for data validation by approximately 30% for the financial-services operations team.
- Managed change control processes for system configurations and coordinated UAT for interconnected ERP modules, ensuring smooth post-go-live transitions.

Data Analytics & Reporting (MSc Applied Project)

- Developed interactive **Power BI dashboards** to visualize key performance indicators from multiple data sources, facilitating business stakeholder decision-making.
- Performed data transformation and ETL using **Power Query** and wrote **DAX measures** to support complex analytical requirements for a retail analytics project.
- Conducted statistical analysis using **R** and **Python (pandas, NumPy)** to identify trends and patterns in customer behaviour datasets.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS
