PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed and maintained a fleet of **50+ enterprise printers** across multiple floors, ensuring full operational readiness for **~200 daily users** each morning.
- Conducted weekly **preventative maintenance** on all printer devices, including cleaning, calibration, and firmware checks, reducing critical hardware failures by **15%**.
- Prepared and dispatched **weekly status reports** detailing device uptime, consumable levels, and maintenance activities to client IT management and facilities teams.
- Supported **post room operations** including binding, laminating, and courier bookings, managing an average of **40 print jobs** per day for onsite staff.
- Performed stock checks for **printer toners and parts**, initiating orders through the client's procurement system to maintain optimal supply levels.
- Assisted the facilities team with ad-hoc tasks, including mail collection and distribution, demonstrating flexibility and a commitment to team support.

SKILLS

Hardware Support – Printer Management, Preventative Maintenance, Toner/Parts Stocking, Facilities Support

Client Interaction – Status Reporting, Customer Service, Onsite Support, Post Room Operations

IT Operations – IT Support, Device Management, Troubleshooting, Incident Response

Administration – Organisational Skills, Attention to Detail, Multitasking, Scheduling

Core Technologies – Linux, Basic IT Knowledge, Microsoft Office Suite

PROJECTS

Enterprise Printer Fleet Management System (HCL Technologies)

- Developed a Python script to automate the daily check of printer status and toner levels for over **50 devices**, flagging low-stock items and potential issues.
- Created a centralized tracking sheet using **Jira** and **Confluence** to log all maintenance activities, repairs, and consumable replacements, improving historical data accuracy by **30%**.
- Collaborated with the client's IT operations team to define reporting requirements for printer fleet health and operational status.

Post Room Operations Enhancement (HCL Technologies)

- Streamlined the process for managing incoming and outgoing mail and courier bookings, reducing average processing time by **20%**.
- Assisted in the setup and operation of binding and laminating equipment for internal client needs, handling approximately **25-30** such requests weekly.
- Contributed to the development of a basic knowledge base article for common post room tasks, aiding new team members.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS
