PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Prepared and set up **Windows laptops** and devices for new hires, ensuring all necessary software and peripherals were functional prior to handover.
- Provided first-line IT support to office staff, resolving common issues such as **password resets**, network connectivity problems, and peripheral malfunctions.
- Managed and maintained inventory of IT accessories, including **cables**, chargers, and other peripherals, ensuring adequate stock levels for daily operations.
- Coordinated daily checks of **meeting rooms**, verifying the setup and functionality of **screens**, **audio equipment**, and connectivity solutions.
- Responded to urgent requests to reconfigure meeting spaces, moving **desks** and **equipment** as needed to accommodate last-minute changes in room requirements.
- Acted as a primary on-site point of contact for day-to-day operational issues, liaising between staff and the central IT team for timely resolution of IT and facilities matters.

SKILLS

IT Support – First-line support, Troubleshooting, Incident logging, Escalation, Password resets, Connectivity issues, Peripherals.

Office Administration – Meeting room setup, Equipment configuration, Stock maintenance, Delivery coordination, Onboarding/Offboarding support, Record keeping.

Hardware & Software – Windows laptops, Microsoft 365, AV setups, Device imaging, Peripherals (cables, chargers).

Operational Support – Facilities support, Problem-solving, Prioritization, Service-focused approach, Ownership, On-site presence.

Communication – Clear communication, Approachable, Calm under pressure, Solution-focused.

PROJECTS

Office IT & Facilities Support Initiative

- Streamlined the process for preparing and deploying new employee laptops, reducing setup time by an average of **15%** through standardized imaging and configuration.
- Developed a proactive maintenance schedule for all office meeting rooms, ensuring **AV equipment** and connectivity solutions were consistently functional for over 50 scheduled meetings per month.
- Established a system for tracking and managing IT accessories inventory, leading to a **20% reduction** in emergency purchases and improved availability of essential items.

Onboarding Equipment Management System

- Designed and implemented a digital record-keeping system for all IT equipment assigned to employees, improving asset tracking accuracy by approximately **30%**.
- Coordinated the setup and collection of IT equipment for new hires and departing employees, ensuring a smooth transition and accurate inventory reconciliation.
- Provided direct technical assistance to new team members during their initial setup phase, resolving common software and hardware queries within their first week.
