PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Designed and developed **Python** microservices for agent communications and data exchange, integrating with **AI agent** platforms.
- Implemented **real-time monitoring features** for agent performance tracking, logging approximately **1,500 events** per hour.
- Troubleshooted and resolved complex technical issues across the full stack, reducing P1/P2 incidents by **18%** during the support cycle.
- Contributed to the development of an enterprise-grade **React.js** frontend for a new operational dashboard, enhancing user experience.
- Wrote and maintained **Java Spring Boot** REST APIs for cross-service data integration, ensuring seamless communication between backend systems.
- Participated in **Agile/Scrum ceremonies** and contributed to CI/CD pipeline enhancements using **Jenkins** and **Git** for iterative development.

SKILLS

Backend Development – Python, Java, Spring Boot, REST APIs, Microservices, Flask, FastAPI

Frontend Development – React.js, Angular

Cloud Platforms – AWS (EC2, S3, Lambda, CloudWatch)

Databases – SQL, PostgreSQL, MySQL, Oracle

DevOps & CI/CD – Jenkins, Git, Docker, Linux, Shell Scripting

AI/ML Concepts – AI Agents, LangChain, OpenAI API, Bedrock

Observability & Support – Splunk, Dynatrace

PROJECTS

AI Agent Communication Framework

- Developed a **Python**-based backend service to manage communication flows between multiple AI agents and a central orchestration layer.
- Designed and implemented RESTful APIs using **FastAPI** for asynchronous data exchange, handling an average of **2,100 requests** per minute.
- Integrated with a simulated **OpenAI API** to test agent response generation and data formatting for downstream processing.

Real-Time Operational Dashboard

- Built a **React.js** frontend component to display real-time operational metrics, including agent status and processing throughput.
- Connected the frontend to backend data sources via WebSockets, ensuring low-latency updates for critical performance indicators.
- Collaborated with business analysts to define key metrics and reporting requirements for the dashboard.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
