PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Produced detailed **Tekla Structures** drawings for balcony fabrication and assembly, ensuring adherence to specified **CE execution classes** and project timelines.
- Generated comprehensive **cutting lists** and **material lists** for fixings and fittings, supplying essential data to the purchasing department for procurement.
- Collaborated closely with the **structural engineer** to evaluate design team drawings, issuing **RFIs** where necessary to clarify project specifications.
- Managed and maintained all **drawing office documentation** and filing systems according to company procedures and **CE certification** requirements.
- Developed and implemented a streamlined process for preparing **site erection drawings**, facilitating clear communication with the **Project Manager** throughout project lifecycles.
- Contributed to a positive team environment by actively participating in problem-solving and issue resolution for complex detailing challenges.

SKILLS

Software – Tekla Structures, AutoCAD, 3D modelling software, Microsoft Office

Engineering – Steel Detailing, Fabrication Drawings, Site Erection Drawings, Material Lists, Cutting Lists, CE Execution Classes

Project Management – Deadline Management, Documentation Filing, Drawing Register Maintenance, RFI Issuance

Communication – Oral Communication, Written Communication, Stakeholder Liaison

Methodologies – Agile/Scrum (implied), Problem Solving, Prioritization

Domain – Manufacturing Processes, Balcony Fabrication

PROJECTS

Custom Balcony Fabrication Detailing (HCL Technologies)

- Created detailed **3D models** and fabrication drawings for custom balcony designs using **Tekla Structures**, supporting a client's architectural specifications.
- Generated precise material and cutting lists, reducing material waste by an estimated **8%** through optimized component layout.
- Collaborated with the client's design team to resolve detailing queries and ensure manufacturability, leading to a smoother fabrication process.

Structural Component Modeling & Documentation (HCL Technologies)

- Modeled complex structural components and assemblies in **3D modelling software**, focusing on accuracy for manufacturing and assembly requirements.
- Prepared and organized all associated documentation, including technical specifications and material grades, maintaining a rigorous filing system for audit purposes.
- Supported the engineering team by providing clear, concise drawings and reports that facilitated efficient communication and decision-making.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
