PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Administered and managed **Microsoft 365** services including user accounts, licenses, **Teams**, and **Exchange**, supporting approximately 80 staff members.
- Provided day-to-day **IT support** to end-users, resolving hardware, software, and access-related issues, reducing average ticket resolution time by **18%**.
- Managed the onboarding and offboarding process for new hires and departing staff, configuring accounts, permissions, and devices across the IT infrastructure.
- Maintained and supported critical IT infrastructure including laptops, printers, and networking equipment, ensuring operational readiness for organizational events.
- Implemented and maintained robust **IT security** measures, including user access controls and **MFA**, to ensure compliance with **GDPR** and internal data protection policies.
- Assisted in the development and automation of internal systems and workflows using **Python scripting**, improving process efficiency for data handling and reporting tasks.

SKILLS

Cloud Platforms – Microsoft 365, Azure (basics), AWS (EC2, S3, Lambda, CloudWatch)

Operating Systems – Linux, Windows

Scripting & Automation – Python, Shell Scripting

Databases & Reporting – SQL (PostgreSQL, MySQL, Oracle), Power BI, DAX, Power Query, Tableau

IT Support & Administration – Microsoft 365 Administration, User Account Management, Hardware Support, Network Troubleshooting, Incident Response

Security & Compliance – GDPR, Data Protection, MFA, Access Controls, Backups, Disaster Recovery

PROJECTS

Internal Systems Automation and Reporting Enhancement

- Developed **Python scripts** to automate the generation of weekly operational reports from disparate data sources, saving an estimated **5 hours** of manual work per week.
- Designed and implemented a structured data repository using **PostgreSQL** to consolidate information from various internal systems, improving data consistency for reporting.
- Created interactive **Power BI dashboards** to visualize key performance indicators for internal operations, providing stakeholders with actionable insights into system usage and efficiency.

IT Infrastructure Support & Security Hardening

- Configured and managed **Microsoft 365** services including user provisioning and license management for a team of **50+ users**.
- Implemented enhanced **security controls**, including mandatory **MFA** and stricter access policies, contributing to a reduction in detected security incidents by **22%**.
- Documented IT support procedures and created user guides for common hardware and software issues, facilitating faster resolution for end-user queries.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
