PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed the creation and tracking of **purchase orders** for enterprise procurement operations, ensuring timely processing and adherence to budgetary guidelines.
- Compiled and produced detailed **monthly spend reports** by aggregating data from various internal systems, identifying key expenditure trends for management review.
- Resolved discrepancies in purchase orders and delivery information by collaborating with vendors and internal operations teams, escalating complex issues to senior management.
- Monitored **vendor performance** against agreed service levels, documenting instances of underperformance and initiating follow-up actions for improvement.
- Inputted **Proof of Delivery (POD) information** into the **SAGE ERP system**, maintaining accurate records for financial reconciliation and audit purposes.
- Supported the Procurement Department with general administrative tasks, including coordinating **travel arrangements** and managing new vendor account setups.

SKILLS

Procurement Administration – Purchase Order Management, Vendor Performance Monitoring, Spend Reporting, Proof of Delivery (POD), Vendor Account Setup

ERP Systems – SAGE

Data Analysis & Reporting – Microsoft Excel (Intermediate), Data Aggregation, Trend Identification

Communication & Problem Solving – Verbal Communication, Written Communication, Issue Resolution, Escalation Management

General Administration – Hotel Bookings, Travel Coordination

PROJECTS

Procurement Operations Enhancement (HCL Technologies)

- Developed automated Python scripts to parse and validate incoming vendor invoices against purchase order data, reducing manual data entry time by **30%**.
- Designed and implemented a standardized process for tracking delivery exceptions, leading to a **15% faster resolution rate** for logistical issues.
- Created a dashboard using internal reporting tools to visualize key procurement metrics, including PO cycle time and vendor delivery accuracy, for departmental review.

ERP System Data Integration (HCL Technologies)

- Executed data migration tasks for new vendor onboarding within the **SAGE ERP** system, ensuring data integrity and compliance with company standards.
- Authored SQL queries for data validation and reconciliation between legacy systems and the new **SAGE ERP** instance, supporting a seamless transition for **over 500 vendors**.
- Collaborated with business analysts to gather requirements for system configuration changes, documenting updates and coordinating UAT sessions.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS
